

BluePreferred[®]

Base Benefit Book

azblue.com/MyBlue

An Independent Licensee of the Blue Cross Blue Shield Association

Welcome!

Thank you for making Blue Cross® Blue Shield® of Arizona (BCBSAZ) a part of your healthcare team. Making it easy for you to take your next step for health is what we're all about.

This is your *Base Benefit Book*. Together, this book, the enclosed *Plan Attachment, Summary of Benefits and Coverage (SBC)*, and any applicable *rider(s)* are referred to collectively as your *Benefit Book*. They are your complete guide to your health plan, and serve as our contract with you.

To help you learn about and use your benefits, we've split this Base Benefit Book into two parts.

Part 1—The Basics	2
① Quick Start: Using Your Health Plan	2
② Your Health Plan Benefits	7
③ What's Not Covered	28
④ Finding & Working With In-Network Providers	32
⑤ What Is Precertification?	39
Part 2—In-Depth Topics & Resources	42
Filing Claims.....	42
Your Rights	42
Appendices	45
APPENDIX A: TERMS TO KNOW	45
APPENDIX B: PHARMACY BENEFIT	50
APPENDIX C: CLAIMS INFORMATION	52
APPENDIX D: PLAN ADMINISTRATION	53
APPENDIX E: GENERAL PROVISIONS	61

Tip! Remember that your Base Benefit Book is available to you online at azblue.com/MyBlue. We will write to you if there are any changes to your plan. You will have 60 days' notice before any significant changes go into effect. Be sure to keep these change notices on file with your other plan documents.

Part 1—The Basics

1

QUICK START: USING YOUR HEALTH PLAN

In this section, we cover what you need to get started with your health coverage. Some of this information is also in your online Member Guide, available at azblue.com/MyBlue. We put it in both places for your convenience.

KNOW THE LINGO—TOP 10 TERMS

Sometimes reading insurance information feels like learning a new language. We're breaking down the top 10 most useful terms to know here. You'll find an in-depth list of these terms—including the *italicized* words and phrases you'll see throughout this book—in [Appendix A](#).

<p>Allowed Amount</p>	<p>The amount BCBSAZ has agreed to pay for a covered service. The allowed amount includes both the BCBSAZ payment and your <i>cost share</i> (see definition below).</p> <p>Example: Let's say your doctor normally charges \$150 for a particular service (that's the <i>billed charge</i>). For that service, BCBSAZ has set the allowed amount at \$100. That is the amount the doctor will receive as payment for the service.</p> <p>Both you and the plan pay the allowed amount to the doctor. If your coinsurance is 20%, you pay \$20 ($\\$100 \times 20\%$) at the time of your appointment, and your plan pays \$80 ($\\$100 - \\$20$) when the claim is processed.</p>
<p>Coinsurance</p>	<p>The percentage of the allowed amount that you pay when you receive a covered healthcare service (after meeting your deductible).</p> <p>Example: If the allowed amount for a service is \$120 and your coinsurance is 20%, you pay \$24 ($\\$120 \times 20\%$) and your plan pays the other \$96 ($\\$120 - \\$24$) if you've already met your annual deductible. If you haven't met your deductible, you pay the full allowed amount of \$120 (except in the case of preventive services).</p>
<p>Copay or Copayment</p>	<p>The fixed or set dollar amount you pay for certain covered healthcare services. You pay your copay at the time you receive care. Prescriptions and network doctor visits are examples of covered services that often have copays. Usually, if a copay does not apply to a service, you can expect to pay any applicable deductible and coinsurance, and vice-versa.</p>
<p>Cost Share or Out-of-Pocket Costs</p>	<p>What you pay for the covered healthcare services you use. Deductibles, coinsurance, <i>access fees</i>, and copays are all examples of cost share. Cost share does not include your monthly premiums or the cost of any non-covered services that you receive.</p> <p>Cost share may sometimes also be called <i>out-of-pocket costs</i> or <i>out-of-pocket expenses</i>. Learn more about cost share in your Plan Attachment.</p>
<p>Covered Services</p>	<p>The medically necessary healthcare services or items that are benefits of your health plan.</p>

<p style="text-align: center;">Deductible or Plan-Year Deductible</p>	<p>The amount you pay toward your covered healthcare services each plan year before BCBSAZ begins to pay its share. Your deductible amount is listed in your Plan Attachment and in your Summary of Benefits and Coverage (SBC).</p> <p>Example: If your health plan has a \$1,000 deductible, you pay the allowed amount for the services you use during the plan year until you have paid a total of \$1,000. After that, BCBSAZ begins paying its share. You will still pay any other cost-sharing amounts after meeting your deductible, such as copays or coinsurance.</p> <p>Note: Some plans allow you to get some services (such as emergency services) at the cost of your copay or coinsurance amount whether or not you've met the deductible. Copays or coinsurance amounts for these services do not count toward your deductible.</p>
<p>In-Network Provider</p>	<p>A doctor, hospital, outpatient surgery center, pharmacy, lab, or other professional or place that is contracted with the <i>plan network</i> to provide healthcare services to members in the plan.</p>
<p>Out-of-Network Provider</p>	<p>A doctor, clinic, hospital, or other provider or healthcare facility that is not in your <i>plan network</i>.</p>
<p>Out-of-Pocket Maximum</p>	<p>The most you pay in cost share for covered services in a plan year before your health insurance begins paying 100% of the cost of covered services. Any payments you make for either 1) non-covered services or 2) an amount above the maximum allowed for a specific benefit will not count toward your out-of-pocket maximum.</p> <p>If you have Family coverage, there is an out-of-pocket maximum for each individual member as well as for your family.</p>
<p>Plan Year</p>	<p>Your cost-share accruals, including your deductible, are based on a calendar year, also referred to as the plan year, unless your employer has selected another time period as the plan year. To find out, ask your employer or call the Customer Service number on the back of your ID card.</p>

Tip! Download the MyBlue AZSM mobile app to your smartphone. If you have a doctor appointment and you forget to bring your ID card, you can open the electronic version of your card using the app.

AndroidTM and iPhone[®] phone users can download the MyBlue AZ mobile app from either the Google PlayTM or Apple[®] App Store[®] online marketplaces.

DISCOVER YOUR CARE CHOICES

Who to see or call ...	When you need ...	How to use ...
BCBSAZ plan network providers	Routine and specialty care	Log in to your MyBlueSM account and click “Find a Doctor.” You can search by name, type, or location.
BlueCare AnywhereSM	A visit with a board-certified doctor, counselor, or psychiatrist without going to an office. Have a video appointment by computer, tablet, or mobile device wherever you are.	Set up your account at bluecareanywhereaz.com , then connect any day, any time, including weekends and holidays. You can also call 1-844-606-1612 .
Urgent care center	Non-life-threatening emergency care	Log in to MyBlue , click “Find a Doctor,” and enter “urgent care” in the search bar.
Walk-in clinic (may be freestanding, or located inside a retail store)	Same-day care for a cold, flu, rashes, and other minor medical needs, as well as vaccinations and wellness screenings. You don’t need an appointment, but calling ahead is a good idea.	Use our “Find a Doctor” tool in your MyBlue account or on our mobile app. Choose “Health Service Clinic/Center” to search for locations closest to you.
Nurse On Call	Advice from a registered nurse for illnesses like fevers and the flu, and minor injuries.	Call 1-866-422-2729 (open 24 hours a day, seven days a week).

Call 9-1-1 or go straight to the closest emergency room if you have a medical emergency.

Tips!

1. Some covered services and prescriptions need an “okay” from BCBSAZ before you get them. Getting an okay is called *precertification*. You don’t need one for doctor visits, preventive care, urgent care, or emergency care. You’ll find more details about precertification in [section 5](#). A list of services and medications that need to be precertified is available at azblue.com/individualsandfamilies/resources/forms.
2. **If you go out of network for a covered service, you will pay for the service in full.** Because the service is covered, though, you should still file a claim with BCBSAZ. When you do, your payment will be applied toward your deductible. If you’ve already met your plan -year deductible, you may receive money back after we process your claim. You can find claim forms and filing instructions in your [MyBlue](#) account under “Member Resources.”

CONNECT WITH US!

When you have questions, we're here with answers.

Online	<p>Your personalized online MyBlue account is a valuable resource you have as a BCBSAZ member. Day or night, you can log in to MyBlue to:</p> <ul style="list-style-type: none"> • See an overview of what your health plan covers and how it works (this is your Summary of Benefits and Coverage, available under “Plan Benefits”) • Check the status of a claim (under “Claims Search”) • Find doctors, hospitals, or other healthcare providers in your plan’s network using the “Find a Doctor” tool • Use the Drug Cost/Copay Calculator (under “Pharmacy”), and much more. <p>Visit azblue.com/MyBlue today to set up your account.</p>
By phone	<p>Our Customer Service team is here for you from 8 a.m. to 4:30 p.m. Arizona time, Monday through Friday. We're closed on holidays.</p> <p>You'll find the phone number for Customer Service on the back of your ID card. We also have special lines for:</p> <ul style="list-style-type: none"> • TTY 602-864-4823 • Assistance in Spanish (en español) 602-864-4884 • A new ID card 602-864-4400 (within Phoenix Metro area) or 1-800-232-2345 (outside Phoenix Metro) • Pharmacy..... 1-866-325-1794 (open 24/7) • Chiropractic 1-800-678-9133 • Fraud & Abuse Hotline 602-864-4875 or 1-800-232-2345, ext. 4875 • Telehealth Services 1-844-606-1612

WHERE TO SUBMIT CLAIMS

Claims for medical services:	Blue Cross Blue Shield of Arizona, P.O. Box 2924, Phoenix, AZ 85062-2924
Claims for transplant travel and lodging:	Attention: Transplant Travel Claim Processor, Mail Stop: A223, Blue Cross Blue Shield of Arizona, P.O. Box 13466, Phoenix, AZ 85002-3466
Claims for services received on a cruise ship:	Blue Cross Blue Shield of Arizona, P.O. Box 13466, Phoenix, AZ 85002-3466
Claims for chiropractic services:	Claims Administration, American Specialty Health Networks, Inc., P.O. Box 509001, San Diego, CA 92150-9001

APPEALS AND DISPUTES

Medical appeals and grievances:	Call the Customer Service number on the back of your ID card
Precertification denial appeals:	Call the Customer Service number on the back of your ID card
Chiropractic care disputes:	Call the Chiropractic Benefits Administrator at the number on the back of your ID card, or call 1-800-678-9133 . You can also write to: Appeals Coordinator, American Specialty Health Networks, Inc., P.O. Box 509001, San Diego, CA 92150-9001. Fax: 619-209-6237

Tip! Always carry your BCBSAZ ID card with you. Your card lists certain essential health plan details and tells you who to call for help. Show your ID card when you:

- ▶ Visit a doctor or other healthcare professional
- ▶ Go to a drugstore or pharmacy to get medication your doctor prescribes for you
- ▶ Visit an urgent-care clinic, hospital, or emergency room

You'll also need your ID card when you call us, and when you sign up for your online MyBlue account at azblue.com/MyBlue.

2

YOUR HEALTH PLAN BENEFITS

This section describes the benefits you get with your BCBSAZ health plan. The benefits appear in alphabetical order to make them easy to find. Each benefit explanation also lists what is not covered. [Section 3](#) of this book lists services not covered by your health plan that are not mentioned in this section.

In addition to services required by federal and state law, your BCBSAZ health plan covers a wide range of services to help you protect your health. A service is covered when it is *all* of these:

- A benefit of this plan;
- Given by an [eligible provider](#) acting within the scope of their practice as determined by BCBSAZ or BCBSAZ's contracted vendor(s);
- Medically or dentally necessary as determined by BCBSAZ or BCBSAZ's contracted vendor(s);
- Not excluded by this plan (the service is not listed in the ["What's Not Covered"](#) section of this Base Benefit Book, or noted in this section as "not covered");
- Not experimental or investigational as determined by BCBSAZ (does not apply to covered services that are part of an approved clinical trial; see [Clinical Trials](#) in this section for more information);
- Precertified when required (some services and medications must be okayed ahead of time by BCBSAZ; see section 5, ["What Is Precertification?"](#) for information); **and**
- Provided while this plan is in effect, and while you are eligible for benefits.

BCBSAZ decides if the service meets all factors for coverage.

Benefit-Specific Maximums

Some covered benefits are limited to a certain number of visits or items, or dollar amount. These limits are stated within each individual benefit description.

Tips!

1. **Be sure to review section 3, ["What's Not Covered,"](#)** before you see a doctor, have a lab test, fill a prescription, or use any other type of benefit. This will help you get an idea of what the service is going to cost.
2. **Some services need to be *precertified*.** This means BCBSAZ has to look at a service or prescription ahead of time to decide if it is covered by your health plan. To find out if a service must be precertified, visit azblue.com/individualsandfamilies/resources/forms.
3. Some covered benefits listed in this book will refer you to the following statement, which means this statement applies to that specific benefit:

Note About Changes in Level of Care

- ➔ *Some inpatient facilities provide different levels of care within the same facility (for example, a single hospital may offer acute inpatient, inpatient rehabilitation, and other inpatient care). If you move or transfer between different levels of inpatient care, even within the same facility, your cost-share obligation will change to match your level of care. If you are moving to a level of care that requires precertification, you will need to have BCBSAZ precertify the new level of care. You'll find more information about the precertification process in [section 5, "What Is Precertification?"](#)*
-

WHAT YOUR PLAN COVERS

A. AMBULANCE SERVICES

- Ground ambulance transportation from the site of an emergency, accident, or sudden illness to the nearest facility that can give you the proper treatment.
- Air or water ambulance transportation to the nearest facility that can give you the proper treatment when:
 - The emergency, accident, or sudden illness occurs in an area that a ground vehicle can't get to; **or**
 - Transport by ground ambulance would be harmful to your medical condition.
- Ground, water, or air ambulance transfer from one facility to another when the transferring facility is unable to give you the level of service you need.

Not covered (these are the benefit-specific exclusions):

- Air ambulance transfers to a facility that is not an acute care facility. For example, a skilled nursing facility and an extended active rehabilitation facility are not acute care facilities. Therefore, air ambulance transfers to one of these types of facilities would not be covered.
- All other expenses for travel and transportation are not covered, except for the benefits described in the ["Transplant or Gene Therapy Travel and Lodging"](#) section.

B. BEHAVIORAL HEALTH SERVICES (INCLUDES TREATMENT FOR MENTAL HEALTH, CHEMICAL DEPENDENCY, AND SUBSTANCE USE DISORDER)

B.1.1 Inpatient Hospital Services

- Diagnostic testing
- Intensive care units and other special care units
- Medications, biologicals (medications that come from a living source, such as a vaccine or human insulin), and solutions
- Room and board in a semi-private room, or a standard private room (not deluxe) if the hospital only has private rooms, or if a private room is medically necessary
- Treatment and recovery rooms and equipment for covered services

B.1.2 Sub-Acute Inpatient Behavioral Health Hospitalization (including residential treatment)

- Diagnostic testing
- Medications, biologicals, and solutions
- Room and board in a semi-private room, or a standard private room (not deluxe) if the facility only has private rooms, or if a private room is medically necessary
- Treatment and recovery rooms and equipment for covered services

Benefits are also available for inpatient behavioral health services that meet *all* of the following criteria:

- A doctor or registered nurse practitioner is present on the premises of the facility (in the building or on the campus) or on call at all times;
- The facility has 24/7 onsite RN coverage;
- The facility has enough behavioral health professional staff to provide the treatment you need;
- The facility is licensed to provide behavioral health services to patients who 1) must have 24-hour skilled care, and 2) are able to meet treatment goals in a reasonable period of time;
- The facility's clinical director is a behavioral health professional who directs the behavioral health services offered at the facility;

- The facility's medical director is a doctor or registered nurse practitioner who directs the physical health services offered at the facility; **and**
- The services meet the BCBSAZ medical necessity criteria for inpatient level of care (see definition under "[Medical Necessity Definition, Guidelines, and Criteria](#)").

➔ See the "[Note About Changes in Level of Care](#)" statement on page 7 for important information about this benefit.

B.2 Behavioral Health Services (outpatient facility and professional services)

The following non-emergency outpatient behavioral health services are covered: psychotherapy, outpatient therapy for chemical dependency or substance use disorder, diagnostic office visits, certain office visits for monitoring of behavioral health conditions or medications, intensive outpatient services, counseling for personal and family problems, electroconvulsive therapy (ECT), and partial hospitalization.

➔ See the "[Note About Changes in Level of Care](#)" statement on page 7 for important information about this benefit.

B.3 Behavioral Therapy Services for the Treatment of Autism Spectrum Disorder

For this benefit:

- *Autism spectrum disorder (ASD)* means autistic disorder, Asperger's syndrome, or pervasive developmental disorder (not otherwise specified), as defined by current *evidence-based criteria* ([see Appendix A](#)), and referenced in the most current version of the *Diagnostic and Statistical Manual of Mental Disorders* of the American Psychiatric Association.
- *Behavioral therapy* means interactive therapies derived from evidence-based research, including applied behavior analysis, which includes discrete trial training, pivotal response training, intensive intervention programs, and early intensive behavioral intervention.

Benefits include behavioral therapy services for the treatment of ASD for members who have been diagnosed with ASD. Covered behavioral therapy services must be delivered by a provider who is licensed or certified as required by law.

Not covered (applies to all behavioral health services listed above):

- Development of a learning plan, and treatment and education for learning disabilities (such as reading and arithmetic disorders)
- IQ testing

Exception: Behavioral health services for minors that are otherwise covered under this section will not be denied solely on the basis that the services are provided in a school setting or are ordered by a court.

C. CARDIAC AND PULMONARY REHABILITATION—OUTPATIENT SERVICES

Benefits are available for outpatient Phase 1 and 2 cardiac rehabilitation programs and pulmonary rehabilitation services.

D. CATARACT SURGERY AND KERATOCONUS

- Removal of cataracts, including placement of a single intraocular lens at the time of the cataract removal
- First pair of external contact lenses or eyeglasses after cataract surgery, and first pair of contact lenses for treatment of keratoconus

Not covered: Procedures associated with cataract surgery that are not included in this benefit description. These include replacement, piggyback, or secondary intraocular lenses, and any other treatments or devices for refractive correction.

E. CHIROPRACTIC SERVICES

Benefits are available for chiropractic services.

Not covered: Maintenance or preventive treatment consisting of routine, long-term, or non-medically necessary care provided to prevent reoccurrences or to maintain the patient's status.

F. CLINICAL TRIALS (RESEARCH TO STUDY A NEW TREATMENT)

This plan does not cover clinical trials. However, it does cover services *related to* a clinical trial that are normally covered under the plan when they are not related to a clinical trial (certain types of lab tests, for example). For related services to be covered, you or your provider must inform BCBSAZ that you are enrolled in a clinical trial, and that the trial meets the requirements of applicable law. If you have any questions about whether a particular service is covered, please call Customer Service at the number on your member ID card.

Covered benefits and services related to a clinical trial:

- Are limited to those services covered under this plan that would be required if you received standard, non-investigational treatment; **and**
- May include laboratory, radiology, doctor's services, medical diagnostic, and/or surgical procedures.

Not covered:

- Any item, device, or service that is the subject of the clinical trial, or which is provided solely to meet the need for data collection and analysis
- Clinical trials not required by law to be covered
- Costs to manage the clinical trial research
- Investigational drugs (except as stated in in the section titled "[Medications for the Treatment of Cancer](#)") or devices
- Non-health services that might be required for a person to receive treatment or intervention, such as travel and transportation and lodging expenses
- Services not otherwise covered under this plan

G. DENTAL SERVICES—MEDICAL

Be sure to use a dentist who is contracted with the plan network to provide medical-related dental services. Not all network dentists are contracted to provide this type of service. If you have questions, call Customer Service at the number on your ID card.

G.1 Dental Accident Services

For this benefit:

- An *accidental dental injury* is an accidental injury to the structure of one or more teeth that is caused by an external force or element such as a blow or fall. A tooth injured while you are chewing is not considered an accidental dental injury, even if the injury happens because you were chewing on a foreign object.
- A *sound tooth* is a tooth that is:
 - Whole or virgin; **or**
 - Restored with amalgam (silver filling) or composite resin (tooth-colored filling) or restored by cast metal, ceramic/resin-to-metal, or laboratory processed resin/ porcelain restorations (crowns); **and**
 - Without current periodontal (tissue supporting the tooth) disease or current endodontal (tooth pulp or root) disease; **and**
 - Not in need of the treatment provided for any reason other than as the result of an accidental dental injury.

Benefits are available for the following services when provided to repair or replace a sound tooth that has been damaged or lost by an accidental dental injury:

- Extraction of teeth damaged as a result of accidental dental injury
- Original placement of fixed or removable complete or partial dentures
- Original placement, repair, or replacement of crowns and veneers
- Orthodontic services directly related to a covered accidental injury

Not covered:

- Gold foil restorations or inlays
- Occlusal rehabilitation and reconstruction
- Original placement, repair, or replacement of dental implants and any related services
- Repair and replacement of fixed or removable complete or partial dentures
- Routine dental care and routine extractions

G.2 Dental Services Required for Medical Procedures

Benefits are available for dental services that are either: 1) part of a medical procedure, or 2) performed along with and made medically necessary solely because of a medical procedure. The benefits are:

- Diagnostic services prior to planned organ or stem cell transplant procedures
- Removal of teeth required for covered treatment of head and neck cancer or osteomyelitis of the jaw
- Restoration of teeth made medically necessary because of the covered treatment of head and neck cancer or osteomyelitis of the jaw

Not covered:

- Dental implants and any related services
- Gold foil restorations and inlays
- Occlusal rehabilitation and reconstruction
- Orthodontic services
- Repair and replacement of fixed or removable complete or partial dentures
- Routine dental care and routine extractions

G.3 Medical Services Required for Dental Procedures (facility and professional anesthesia charges)

Benefits are available for facility and professional anesthesiologist charges to perform dental services under anesthesia in an inpatient or outpatient facility for a member who:

- Is a child five years old or younger who, in the opinion of the treating dental provider, cannot be safely treated in the dental office;
- Is likely to have an allergic reaction;
- Needs dental extractions due to cancer-related conditions; **or**
- Has any of the following:
 - A condition that could increase the danger of anesthesia
 - An unstable cardiovascular condition
 - Diabetes
 - Heart problems
 - Hemophilia
 - Intellectual disability
 - Malignant hypertension
 - Senility or dementia
 - Uncontrolled seizure disorder

H. DURABLE MEDICAL EQUIPMENT (DME), MEDICAL SUPPLIES, AND PROSTHETIC APPLIANCES AND ORTHOTICS

- Limited to one unit or one pair of prosthetic appliances and orthotics per member, per plan year
- Limited to one breast pump with breast-pump supplies per member, per plan year

These limits do not apply to claims submitted with a primary mental health and/or substance use disorder diagnosis.

H.1 DME

To be eligible for coverage, DME must meet *all* of the following criteria:

- It must be designed to offer medical use in the home setting;
- It must be specifically designed to improve or support the function of a body part (this must be its main purpose); **and**
- It cannot be primarily useful to a person in the absence of an illness or injury (the person must need the equipment because of an illness or injury).

Benefits are available for renting or buying DME (as determined by BCBSAZ), as well as for the repair or replacement of DME when BCBSAZ determines it is needed due to either: 1) normal wear and tear caused by proper use of the item (all manufacturer's instructions for use have been followed), or 2) the child has outgrown the DME. Benefits are limited to the allowed amount for the DME item base model. BCBSAZ determines what is covered as the base model. Deluxe or upgraded DME items may be eligible for coverage based upon BCBSAZ medical necessity criteria (see definition under "[Medical Necessity Definition, Guidelines, and Criteria](#)").

Tip! Call us to find out what the base model is for the DME item you need before you rent or buy the item.

Not covered:

- Charges for continued rental of a DME item after the allowed amount is reached, if applicable (to find out what the allowed amount is for a certain DME item, call Customer Service at the number on your ID card)
- Repair costs that are higher than the allowed amount for the DME item
- Repair or replacement of DME items lost or damaged due to neglect or use that does not follow the manufacturer's instructions or specifications

H.2 Medical Supplies

- Any device or supply recommended under current evidence-based criteria
- Blood glucose monitors, including those designed for the legally blind and visually impaired
- Diabetic injection aids and drawing-up devices, including drawing-up devices for the visually impaired
- Diabetic syringes and lancets, including automatic lancing devices
- Insulin cartridges, including insulin cartridges for the legally blind
- Insulin preparations and glucagon
- Insulin pumps and insulin pump supplies
- Ostomy and urinary catheter supplies
- Peak flow meters
- Prescribed oral agents (drugs) for controlling blood sugar that are included on the plan
- Supplies associated with oxygen or respiratory equipment
- Test strips for glucose monitors and visual reading and urine test strips
- Volume nebulizers

Your plan covers the allowed amount for the medical supply **base model**. BCBSAZ determines what is covered as the base model. Deluxe or upgraded medical supplies may be eligible for coverage based on BCBSAZ *medical necessity criteria* (see "[Medical Necessity Definition, Guidelines, and Criteria](#)"). Note that some medical supplies are covered under the Pharmacy benefit (see the "[Pharmacy and Medications Benefits](#)" section).

H.3 Prosthetic Appliances and Orthotics

- Cochlear implants
- External or internal breast prostheses when needed as a result of a medically necessary mastectomy

- External and internal prosthetic appliances that are used as a replacement or substitute for a missing body part, and that are necessary for the support or function of a body part, or for the alleviation or correction of illness, injury, or congenital defect. *External prosthetic appliances* include artificial arms and legs, wigs, hairpieces, and terminal devices, such as a hand or hook.
- Orthopedic shoes that are:
 - Attached to a brace;
 - Depth-inlay or custom-molded (with inserts) for members with diabetes; **or**
 - Covered per BCBSAZ medical necessity criteria (see [“Medical Necessity Definition, Guidelines, and Criteria”](#)).
- Podiatric appliances for prevention of complications associated with diabetes, including foot orthotic devices and inserts
- Therapeutic shoes for members diagnosed with diabetes mellitus who have *any* of the following complications of diabetes involving the foot:
 - Foot deformity;
 - History of pre-ulcerative calluses;
 - History of previous ulceration;
 - Peripheral neuropathy with evidence of callus formation;
 - Poor circulation; **or**
 - Previous amputation of the foot or part of the foot.

Types of therapeutic shoes that are covered:

- ▶ *Custom-molded shoes* are shoes built over a model of the member’s foot. They are made from leather or other material of equal quality suitable to the shoe’s purpose (dress, walking, work, etc.), have removable inserts that can be changed or replaced as the member’s condition warrants, and have some sort of shoe closure. May include an internally seamless toe. (**Note:** Custom-molded shoes are covered only when the member has a foot deformity that cannot be accommodated by a depth shoe.)
- ▶ *Depth shoes* are shoes that come with a full-length, heel-to-toe filler that, when removed, leaves at least of 3/16 of an inch of extra depth. The extra depth accommodates custom-molded or customized inserts. The shoes are made of leather or other material of equal quality suitable to the shoe’s purpose (dress, walking, work, etc.); have some sort of shoe closure; and are available in full and half sizes with a minimum of three widths, so that the sole is graded to the size and width of the upper portions of the shoes according to the American standard sizing schedule or its equivalent.
- Wigs and hairpieces for members diagnosed with:
 - A mental health condition or substance use disorder; **or**
 - Alopecia (absence of hair) caused by chemotherapy, radiation therapy, or second- or third-degree burns.

We cover the allowed amount for the medical supply **base model**. BCBSAZ determines what is covered as the base model. Deluxe or upgraded medical supplies may be eligible for coverage based upon BCBSAZ *medical necessity criteria* (explained in [Appendix D](#)).

H.4 DME, Medical Supplies, and Prosthetic Appliances and Orthotics

Not covered:

- Biomechanical devices, which are any external devices operated through or in conjunction with nerve conduction or other electrical impulses
- Equipment and supplies you can buy over the counter, including:

<ul style="list-style-type: none"> • Adjustable beds • Air cleaners • Air-fluidized beds • Air conditioners • Air purifier • Assistive eating devices • Atomizers • Bathroom equipment • Bed boards • Biofeedback devices • Braille teaching texts • Car seats • Corsets • Cushions • Dentures • Diatherapy machines • Disposable hygienic items • Dressing aids and devices • Elastic/support/compression stockings (except Thrombo-Emboloc Deterrent hose) • Elevators 	<ul style="list-style-type: none"> • Exercise equipment • Foot stools • Garter belts • Grab bars • Hair transplants • Health spas • Hearing aid batteries • Heating and cooling units • Helmets • Hospital-grade breast pumps and related supplies • Humidifiers • Incontinence devices/alarms • Items used mainly for help in daily living, socialization, personal comfort, convenience, or other nonmedical reasons • Language and/or communication devices (except artificial larynx and trach speaking valve) or teaching tools • Massage equipment • Mineral baths 	<ul style="list-style-type: none"> • Portable and permanent spa and whirlpool equipment and units • Reaching and grabbing devices • Reclining chairs • Replacement of external prosthetic devices due to loss or theft • Saunas • Strollers of any kind • Supplies used by a doctor or other healthcare provider during office treatments • Tilt or inversion tables or suspension devices • Vehicle or home modifications • Wigs and hair pieces for alopecia caused by anything other than chemotherapy, radiation therapy, second- or third-degree burns, a diagnosed mental health condition, or diagnosed substance use disorder
--	--	---

I. EDUCATION AND TRAINING

I.1 Diabetes and Asthma Education and Training

Benefits are available for diabetes and asthma education and training from providers whose services are:

- Conducted in person;
- Prescribed as part of a comprehensive plan of care to enhance therapy compliance and improve self-management skills and knowledge for a member diagnosed with diabetes or asthma; **and**
- Provided in an outpatient setting (outpatient hospital, doctor's office, or other healthcare facility, excluding home health).

I.2 Nutritional Counseling and Training

Six nutritional counseling and training visits per member, per plan year for members diagnosed with one or more of the following conditions:

- Cardiovascular disease
- Coronary artery disease
- Eating disorders
- Food allergies
- Gastrointestinal disorders
- Heart failure
- High cholesterol
- Hypertension
- Mental health or substance use disorder
- Obesity
- Pre-diabetes and diabetes
- Renal failure/renal disease

J. EMERGENCY SERVICES

You are covered for services needed to treat an emergency medical condition, whether the providers of these services are in or out of network. An emergency medical or behavioral health condition is an illness, injury, symptom, or condition so serious that you need care right away to avoid harm.

K. EOSINOPHILIC GASTROINTESTINAL DISORDER (EGID)

Formula (amino-acid-based) is covered for members who are:

- At risk of mental or physical impairment if deprived of the formula;
- Diagnosed with EGID; **and**
- Under the continuous supervision of a doctor or a registered nurse practitioner.

L. FAMILY PLANNING (CONTRACEPTIVES AND STERILIZATION)

Benefits are available for contraceptive methods and devices, including sterilization procedures, approved by the U.S. Food and Drug Administration (the FDA) and prescribed by your doctor.

Not covered: All prescription and over-the-counter contraceptive medications and devices for male plan members.

M. HOME HEALTH SERVICES

- Enteral nutrition (tube feeding) when it is the sole source of nutrition for a member who is unable to orally receive more than 30% of daily caloric needs
- Home infusion medication administration therapy, including:
 - Blood and blood components
 - Hydration therapy
 - Intravenous catheter care
 - Intravenous, intramuscular, or subcutaneous administration of medication
 - Specialty medications, as defined by BCBSAZ, that are not covered under the Pharmacy benefit (see the [“Pharmacy and Medications Benefits” section](#))
 - Total parenteral nutrition
- Physical therapy, occupational therapy, and speech therapy
- Skilled nursing services necessary to provide home infusion medication administration therapy, enteral nutrition, and other services that require skilled nursing care

The above services must meet *all* of the following criteria:

- A healthcare provider must order the service as part of a specific plan of home treatment;
- A licensed home health agency must provide the service in the member’s home;
- The healthcare provider must review the appropriateness of the service at least once every 30 days, or more frequently, if appropriate under the treatment plan; **and**
- The service must be provided by a licensed practical nurse (LPN), registered nurse (RN), or other [eligible provider](#).

Benefits are limited to any combination of skilled nursing services needed in order to provide home infusion medication administration, enteral nutrition, and/or other services requiring skilled nursing care, up to a maximum of six hours per member, per day. The home health visit limit does not apply to home health services provided instead of hospitalization or hospital outpatient services, or to claims for home health services submitted with a primary mental health and/or substance use disorder diagnosis.

Not covered: Services beyond the six-hour per-member, per-day maximum, except as stated above.

N. HOSPICE SERVICES

Hospice services provide comfort and support for people in the last stages of a terminal illness, and to their families. Once hospice begins, treatment to cure the illness stops. The hospice benefit is provided in place of other medical benefits available under this plan, except for care not related to either the terminal illness or any complications associated with the terminal illness.

Your doctor must certify that you are in the later stages of a terminal illness and prescribe hospice care. Hospice care must be provided by a state-licensed hospice agency, and you must meet the requirements of the hospice.

The hospice agency determines the required level of care, which BCBSAZ reviews for medical necessity. Once you select the hospice benefit, the hospice agency coordinates all of your healthcare needs related to the terminal illness.

Benefits are limited to a maximum of five days of respite care for every 21-day period. This limit does not apply to claims for respite care services submitted with a primary mental health and/or substance use disorder diagnosis.

Benefits are available for:

- Continuous home care—24-hour skilled care provided by an LPN or RN during a period of crisis, as determined by the hospice agency, in order to maintain the member at home, if the member is receiving in-home services
 - Home health services
 - Individual and family counseling provided by a psychologist, social worker, or family counselor
 - Inpatient acute care—Inpatient admission for pain control or symptom management that cannot be provided in the home setting
 - Outpatient services
 - Respite care—Admission of the member to an approved facility so the member's family or primary caregiver can rest
 - Routine care—Intermittent visits provided by a member of the hospice team
- ➔ See the [**"Note About Changes in Level of Care"**](#) statement on page 7 for important information about this benefit.

O. INPATIENT AND OUTPATIENT DETOXIFICATION SERVICES

Medical observation and detoxification services needed to stabilize a person who has developed substance intoxication due to the ingestion, inhalation, or exposure to one or more substances. Includes the initial medical treatment and support provided to a chemically dependent or addicted person during acute withdrawal from a drug or substance.

P. INPATIENT HOSPITAL

- Adjustments to previous bariatric surgery that was performed while the member was covered by a different health plan
 - Blood transfusions, whole blood, blood components, and blood derivatives
 - Covered cellular immunotherapies and gene therapies only when administered in a contracted Blue Distinction® Center
 - Diagnostic testing, including radiology and laboratory services
 - General, spinal, and caudal anesthetic provided in connection with a covered service
 - Intensive care units and other special care units
 - Medications, biologicals, and solutions
 - Operating, recovery, and treatment rooms and equipment for covered services
 - Radiation therapy or chemotherapy, except in conjunction with a noncovered transplant
 - Room and board in a semi-private room, or a standard private room (not deluxe) if the hospital only has private rooms or if a private room is medically necessary
 - Surgery and other invasive procedures
- ➔ See the [**"Note About Changes in Level of Care"**](#) statement on page 7 for important information about this benefit.

Q. INPATIENT REHABILITATION—EXTENDED ACTIVE REHABILITATION (EAR) SERVICES

Benefits are available for an intense therapy program provided in a facility licensed to provide EAR that meets *all* of the following criteria:

- A doctor or registered nurse practitioner is present on the premises of the facility or on-call at all times;
- Room and board in a semi-private room, or a standard private room (not deluxe) is covered if the hospital only has private rooms or if a private room is medically necessary;
- The patient must require 24-hour rehabilitation nursing and have the ability to meet rehabilitation goals within a reasonable period of time;
- The facility has 24/7 onsite RN coverage;
- The facility has enough professional staff to provide the needed treatment;
- The facility's designated medical director is a doctor or registered nurse practitioner, and provides direction for services provided at the facility; **and**
- The services meet the BCBSAZ medical necessity criteria for inpatient level of care (see ["Medical Necessity Definition, Guidelines, and Criteria"](#))

Benefits are limited to 120 days of EAR services per member, per plan year. This limit does not apply to claims for EAR services submitted with a primary mental health and/or substance use disorder diagnosis.

- ➔ See the ["Note About Changes in Level of Care"](#) statement on page 7 for important information about this benefit.

R. LONG-TERM ACUTE CARE (INPATIENT)

Benefits are available for specialized acute, medically complex care for patients who require extended hospitalization and treatment. Care must be provided in a licensed long-term acute care facility that offers specialized treatment programs and aggressive clinical and therapeutic interventions.

Room and board is covered for a semi-private room. A standard private room (not deluxe) will be covered if 1) the hospital has only private rooms, or 2) a private room is medically necessary.

Benefits are limited to 365 days of long-term acute-care services per member. This limit does not apply to claims for long-term acute-care services submitted with a primary mental health and/or substance use disorder diagnosis. If you have questions about this limit (called the *benefit maximum*), contact BCBSAZ Customer Service at the number on your ID card.

- ➔ See the ["Note About Changes in Level of Care"](#) statement on page 7 for important information about this benefit.

S. MATERNITY

Maternity benefits are available for covered services related to pregnancy. This includes certain screening tests, such as prenatal ultrasounds, alpha-fetoprotein (AFP), rubella immunity, Hepatitis B and HIV exposure, blood type, anemia, urinary tract disease or infections, sexually transmitted diseases, and others as determined by BCBSAZ. Certain tests, including some genetic screening tests, may not be covered. For a complete listing of covered prenatal screening, please call Customer Service at the number on your ID card.

Maternity benefits are available for birth mothers who are not members when they are giving birth to a child who is being legally adopted by a member. For benefits to apply, the member must:

- Adopt the child within one year of birth;
- Be legally obligated to pay the costs of birth; **and**
- Notify BCBSAZ within 60 days of their acceptability to adopt children.

This adopted-child maternity benefit is secondary to any other coverage available to the birth mother. Contact Customer Service at the number on your ID card to request an adoption packet.

Statement of Rights under the Newborns' and Mothers' Health Protection Act: Under federal law, Group health plans and health insurance issuers offering Group health insurance coverage may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child

to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (for example, the member's doctor, nurse midwife, or physician assistant), after speaking with the mother, sends the mother or newborn home early.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay (this means your cost share will not increase if you need to stay in the hospital longer than the 48 or 96 hours described above).

In addition, under federal law, a plan or issuer may not require that a doctor or other healthcare provider obtain prior authorization (precertification) for prescribing a length of stay of up to 48 hours for the mother and newborn child following a normal vaginal delivery, or 96 hours for the mother and newborn child following a cesarean section delivery. However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to have them precertified. For information on precertification, call the Customer Service number on your ID card. You'll also find additional details in [section 5](#).

T. MEDICAL FOODS FOR INHERITED METABOLIC DISORDERS

Inherited metabolic disorder is a disease caused by an inherited abnormality of body chemistry that meets *all* of the following requirements:

- The disorder is one of the diseases tested for under the newborn screening program required under Arizona law (A.R.S. § 36-694);
- The disorder requires the patient to consume medical foods throughout his or her life in order to avoid serious mental or physical impairment; **and**
- The disorder must involve amino acid, carbohydrate, or fat metabolism and have medically standard methods of diagnosis, treatment, and monitoring, including quantification of metabolites in blood, urine, or spinal fluid, or enzyme or DNA confirmation in tissues, as determined by BCBSAZ.

Medical foods are modified low-protein foods and metabolic formulas that are *all* of the following:

- Essential to the member's optimal growth, health, and metabolic homeostasis;
- Formulated to be consumed or administered through the gastrointestinal tract under the supervision of an MD, DO, or a registered nurse practitioner;
- Prescribed for the medical and nutritional management of a member who has limited capacity to metabolize foodstuffs or certain nutrients contained in the foodstuffs, or who has other specific nutrient requirements as established by medical evaluation;
- Processed or formulated to be deficient in one or more of the nutrients present in typical foodstuffs (metabolic formula only); **and**
- Processed or formulated to contain less than 1 gram of protein per unit of serving (modified low-protein foods only).

Not covered:

- Foods and beverages that are naturally low in protein or galactose
- Foods and formulas available to buy without a prescription or order from an MD, DO, or registered nurse practitioner
- Foods and formulas that do not require supervision by an MD, DO, or a registered nurse practitioner
- Food thickeners, baby food, or other regular grocery products
- Medical foods and formulas for any condition not included in the newborn screening program, such as lactose intolerance without a diagnosis of galactosemia
- Nutrition for a diagnosis of anorexia
- Nutrition for nausea associated with mood disorder, end-stage disease, etc.
- Spices and flavorings
- Standard oral infant formula

Claims for reimbursement: Members eligible for this benefit may buy medical foods from any source. If you buy medical foods from an out-of-network provider, you will need to submit a claim form that includes *all* of the following information:

- A dated receipt or other proof of purchase;
- Amount paid for the medical foods;
- Member's name, identification number, Group number, and birth date;
- Name of the prescribing or ordering doctor or registered nurse practitioner;
- Name, telephone number, and address of the medical food supplier; **and**
- The diagnosis for which the medical foods were prescribed or ordered.

Claim forms for medical foods are available from BCBSAZ. Submit the completed form and the dated receipt to the address for claims submission shown in the ["Connect with us!" section](#) at the front of this book.

Tip! Medical foods may also be covered under the [Home Health Services benefit](#). Medical foods are not covered under the [Pharmacy benefit](#).

U. NEUROPSYCHOLOGICAL AND COGNITIVE TESTING

Testing for decreased mental function or developmental delay.

V. OUTPATIENT SERVICES

Benefits are available for the following outpatient services. They include, but are not limited to, any services that would be covered if they were performed as an inpatient service:

- Adjustments to previous bariatric surgery that was performed while the member was covered by a different health plan
- Allergy testing, antigen administration, and desensitization treatment
- Blood transfusions, whole blood, blood components, and blood derivatives
- Covered cellular immunotherapies and gene therapies only when administered in a contracted Blue Distinction Center
- Diagnostic testing, including laboratory and radiology services
- Dialysis
- End-stage renal disease services
- Epidural and facet injections and radio frequency ablation for pain management
- Infusion/IV therapy in an outpatient setting
- Maternity services provided in outpatient birthing centers
- Medications, and the administration of medications, in an outpatient setting
- Orthognathic treatment and surgery, including, but not limited to, dental and orthodontic services and/or appliances that are orthodontic in nature or change the occlusion of the teeth (external or intra-oral)
- Outpatient and ambulatory cardiac testing, angiography, and video EEG
- Pre-operative testing
- Radiation therapy or chemotherapy, unless performed in conjunction with a noncovered transplant
- Sleep studies
- Surgery and other invasive procedures
- Treatment of temporomandibular joint disorders (TMJ)

W. PHARMACY AND MEDICATIONS BENEFITS

W.1 Pharmacy Benefit

Benefits are available for prescription medications that:

- Are dispensed by a pharmacy located in the U.S. and by a pharmacist licensed in the U.S., unless the medication is needed for an urgent or emergency medical situation while the member is traveling outside the U.S. Claims for medications dispensed outside the U.S will be subject to the U.S. dollar exchange rate on the date the claim is paid;
- Are not excluded by a different provision in this plan; **and**
- Except as otherwise required by applicable law, have been approved by the FDA for the diagnosis for which the medication has been prescribed.

Benefits are available for specialty medications obtained from a specialty pharmacy contracted with BCBSAZ. Coverage of specialty medications and limitations on these medications are determined by current evidence-based criteria and may change at any time without prior notice.

Call the Pharmacy Benefit Customer Service number on your ID card to request:

- A list of covered medications that require precertification
- A list of covered specialty medications (medications that treat chronic or complex conditions)
- A list of covered vaccines
- An exception to BCBSAZ prescription medication limitations
- Information on the assigned cost-share level of a covered medication
- Information regarding maintenance medications (medications taken on an extended and continual basis for treatment of a chronic or ongoing health condition)
- Other information about your Pharmacy benefit, including where to find a copy of your plan's tiered drug list

Certain vaccines are covered when you get them from in-network retail pharmacies and they are given by a certified, licensed pharmacist. Limited supplies and devices are also covered under this benefit, such as diabetic test strips, lancets, diabetic syringes/needles for insulin, certain insulin pumps and monitoring devices, and spacer devices for asthma medications.

Covered medications are subject to limitations, including, but not limited to, quantity, age, gender, dosage, and frequency of refills. BCBSAZ and/or its independent, contracted Pharmacy Benefit Manager (PBM) determines which medications are subject to limitations. Medication limitations are subject to change at any time without prior notice.

You'll find additional Pharmacy benefit information in the back of this book at [Appendix B](#).

Tip! You can find cost estimates for your prescription drugs at [MyBlue](#). After you log in:

- ▶ Under "Healthcare Costs," click "Drug Cost/Copay Calculator" to get to your "My Medicine Cabinet" page
- ▶ Select "Drug Search" from the right-hand menu
- ▶ Type in the name of your medication and hit "Enter"
- ▶ Under the drug information that appears, click "Price this drug"
- ▶ Scroll down to see pricing details for the different pharmacies in your area

Not covered:

- Abortifacient (abortion-causing) medications, except those covered in the ["Pregnancy, Termination"](#) and ["Physician Services"](#) sections
- All prescription and over-the-counter contraceptive medications and devices for male plan members
- Biologic serums
- Certain categories of injectable medications
- Compounded medications obtained from a mail-order pharmacy

- Designated medications prescribed by an ineligible provider or dispensed by an unapproved pharmacy or provider to members who are enrolled in the Designated Prescription Network program
- Medical devices, except as stated in this benefit plan
- Medication delivery implants
- Medications designated as clinic packs
- Medications designed for weight gain or loss, regardless of the condition for which it is prescribed
- Medications, devices, equipment, and supplies lawfully obtainable without a prescription, except as stated in your Benefit Book (Base Benefit Book + Plan Attachment + any Rider)
- Medications for athletic performance
- Medications for lifestyle enhancement
- Medications for sexual dysfunction
- Medications for which the principal ingredient(s) are already available in greater and lesser strengths and/or combinations, as well as medications which modify the dosage form (tablet, capsule, liquid, suspension, extended release, tamper resistant) of drugs already available in a common dosage form, as described in the BCBSAZ Medication Benefit exclusion policy in addition to all other exclusions in your Benefit Book. Go to azblue.com/Pharmacy for a list of these specific exclusion details.
- Medications given to a member who is an inpatient in any facility, except those covered under [“Inpatient Hospital”](#)
- Medications labeled “Caution—Limited by federal law to investigational use,” or words to that effect, and any experimental medications as determined by BCBSAZ and/or the PBM, except as stated in this benefit plan
- Medications obtained from an out-of-network mail order or specialty pharmacy, and out-of-network 90-day supplies of drugs
- Medications packaged with more than one medication or supply (including an over-the-counter medication, vitamin, or other excluded product) and billed as a single medication
- Medications that exceed BCBSAZ and/or the PBM’s limitations, including, but not limited to, quantity, age, gender, and refill limits
- Medications to improve or achieve fertility or treat infertility
- Medications used for any cosmetic purpose
- Medications used to treat a condition not covered under this plan
- Medications with primary therapeutic ingredients that are sold over the counter in any form, strength, packaging, or name
- Prescription medications dispensed in unit-dose packaging, unless that is the only form in which the medication is available
- Prescription refills for medications that are lost, stolen, spilled, spoiled, or damaged

W.2 Medications for the Treatment of Cancer

Benefits are available, to the extent required by applicable state law, for off-label use of medications for the treatment of cancer, and for services directly associated with the administration of such medications.

Off-label refers to a medication that is FDA approved for treatment of a diagnosis or condition other than the cancer diagnosis or condition for which it is being prescribed, and which meets all requirements of Arizona law for mandated coverage of off-label use. These requirements include, but are not limited to, scientific evidence that the drug has been recognized as safe and effective for the specific type of cancer for which it is being prescribed.

In administering claims for an off-label prescription medication, BCBSAZ does not represent or warrant that the prescribed medication is safe or effective for the purpose for which your treating provider has prescribed it.

- Decisions regarding whether the medication is safe and effective for the type of cancer for which it has been prescribed and whether it is appropriate for you are decisions to be made by your doctor using his or her independent medical judgment.
- If the medication is subject to precertification, your doctor must specifically notify BCBSAZ that they are requesting approval for this off-label use. After receiving your provider's request, BCBSAZ will review the criteria and eligibility for benefits.

All other applicable benefit limitations and exclusions will apply to this benefit.

X. PHYSICAL THERAPY (PT), OCCUPATIONAL THERAPY (OT), AND SPEECH THERAPY (ST) SERVICES

Benefits are available for the following services related to a specific illness or injury:

- Physical Therapy—Treatment of disease or injury using therapeutic exercise and other measures to improve posture, locomotion, strength, endurance, balance, coordination, range of motion, flexibility, and ability to perform activities of daily living, and to help reduce pain
- Occupational Therapy—Treatment of *neuromusculoskeletal dysfunction* (injuries or disorders of the musculoskeletal system, such as muscles, tendons, ligaments, nerves, discs, and blood vessels) using specific tasks or goal-directed activities to improve functional performance
- Speech Therapy—Treatment of communication impairment and swallowing disorders

Not covered:

- Cognitive therapy
- OT for any purpose other than training the member to perform the activities of daily living
- PT or OT services performed in a group setting of two or more people

Y. PHYSICIAN SERVICES (SERVICES PROVIDED BY A DOCTOR)

- Abortifacient medications for the abortions covered under this plan, including oral medications as described in current evidence-based criteria
- Allergy testing, antigen administration, and desensitization treatment
- Inpatient medical visits
- Medications and the administration of medications in a doctor's office
- Office, home, or walk-in clinic visits for the diagnosis and treatment of a sickness or injury (**Note:** Urgent-care facilities are not walk-in clinics)
- Orthognathic treatment and surgery
- Second diagnostic surgical opinions
- Services for FDA-approved implanted contraceptive devices
- Services for FDA-approved patches, rings, and contraceptive injections; FDA-approved diaphragms, cervical caps, cervical shields, female condoms, sponges, and spermicides; and FDA-approved emergency contraception. See the "Guidance Regarding Preventive Medications" section in your [MyBlue](#) account for a list of contraceptive methods covered as preventive services under the Pharmacy benefit.
- Services for FDA-approved sterilization procedures
- Services for fitting, implantation, and/or removal (including follow-up care) of FDA-approved female contraceptive devices
- Sleep studies
- Surgical procedures (including assistance at surgery). Only certain surgical assistants are eligible providers. Call Customer Service at the number on your member ID card to verify that the surgical assistant chosen by your doctor is eligible and to determine whether the surgical assistant and anesthesiologist selected by your doctor are in-network providers.
- Treatment of temporomandibular joint disorders (TMJ)

About your cost share for physician services:

- If multiple surgical procedures are performed during a single operative session, the secondary procedures are usually reimbursed at reduced amounts. Noncontracted providers may balance-bill you for secondary, incidental, or mutually exclusive procedures, in addition to the primary surgical procedure.
- You may receive services in a doctor's office that incorporate services or supplies from a provider other than your doctor. A few examples:
 - You see your doctor to pick up DME that came from a medical supply company
 - Your doctor explains test results to you that came from a tissue sample analysis done by a pathologist
 - Your doctor explains your X-ray results based on a reading that was done by a radiologist
- If another provider submits a separate claim for those services or supplies, you will pay the cost share for that provider plus your office visit cost share.

Z. POST-MASTECTOMY SERVICES

Federal and state laws require certain breast reconstruction services following a medically necessary mastectomy. Your benefits cover these legally required services, and include:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance, including postoperative implanted or external prostheses; **and**
- Treatment of physical complications for all stages of the mastectomy, including lymphedema.

Notice of rights under the Women's Health and Cancer Rights Act of 1998 (WHCRA): If you have had or are going to have a mastectomy, you may be entitled to certain benefits under WHCRA. For members receiving the mastectomy-related benefits described in this section, BCBSAZ will provide coverage in a manner determined in consultation between the attending physician and the member being treated. These benefits are subject to the same cost share generally applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call Customer Service at the number on your ID card.

AA. PREGNANCY, TERMINATION

Benefits are available for abortions that meet the following requirements:

- The fetus is or will be nonviable, as defined by current evidence-based criteria; **or**
- The *treating provider* (the doctor who performs the procedure) certifies in writing the abortion is medically necessary because the pregnancy would endanger the life or health of the mother.

Benefits are also available for abortifacient medications for the abortions covered under this plan, including some oral medications, as described in current evidence-based criteria.

BB. PREVENTIVE SERVICES

Preventive services are those performed for screening purposes when you do not have active signs or symptoms of a condition. Your health plan provides benefits for preventive services recommended by your provider and as appropriate for your age and gender, and as recommended by:

- Advisory Committee on Immunization Practices (ACIP) routine immunization recommendations at [cdc.gov/vaccines/hcp/acip-recs/index.html](https://www.cdc.gov/vaccines/hcp/acip-recs/index.html)
- Health Resources and Services Administration (HRSA) guidelines for pediatric and adolescent preventive care and screening at www.mchb.hrsa.gov/maternal-child-health-topics/child-health/bright-futures.html
- HRSA guidelines for women's healthcare services at www.hrsa.gov/womens-guidelines/index.html
- U.S. Preventive Services Task Force (USPSTF) A or B rated services at [uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations](https://www.preventiveservices.org/Page/Name/uspstf-a-and-b-recommendations)

Benefits are also specifically available for the following services:

- Mammograms for routine breast cancer screening, including:

- A single baseline mammogram for members ages 35-39; **and**
- One mammogram per year for members age 40 and older; **or**
- More frequent mammograms based on the physician's recommendation
- Prostate specific antigen (PSA) testing and digital rectal examination (DRE) for members age 40 and older, or for members under age 40 who are at high risk due to:
 - African-American race;
 - Family history (such as multiple first-degree relatives diagnosed at an early age); **or**
 - Previous borderline PSA levels
- Well-baby/child care for children up to 47 months of age, including childhood immunizations

Preventive services do not include diagnostic tests performed because you have a condition or an active symptom of a condition. Active symptoms and conditions are determined by the procedure codes, diagnosis codes, or combination of procedure and diagnosis codes your provider submits on the claim.

For a list of covered preventive medications, see "Guidance Regarding Preventive Medications" on [MyBlue](#). For questions about preventive services covered under this benefit, call Customer Service at the number listed on your ID card or log into your [MyBlue](#) account for more preventive health information and links.

You can ask for what is called an *exception for waiver of cost share* for the brand-name version of a preventive medication or item you would get from a network pharmacy. This is a request that either you or your provider can make that, if approved, could mean you would not have to pay your normal cost share for this medication. To make this request, either you or your provider can call the Pharmacy Benefit Customer Service number on your ID card anytime, 24 hours a day, seven days a week, 365 days a year. There is no guarantee that BCBSAZ and/or the Pharmacy Benefit Manager (PBM) will okay an exception.

If you have been denied coverage of a preventive service due to your gender on file with BCBSAZ, and you are undergoing or have undergone gender transition, please contact Customer Service at the number on your ID card for assistance. BCBSAZ covers all gender-specific preventive services that are deemed medically necessary for a member, as determined by the member's attending provider, without regard to the member's gender identity, gender assigned at birth, or gender that is on file with BCBSAZ.

If you have a service or test that falls under this benefit, but the service or test is being done because of a specific diagnosis or because you are experiencing signs or symptoms of a condition or disease, the service or test may be covered through another benefit section of this plan. Certain maternity services covered under this benefit also are available through the Maternity benefit.

Not covered:

- Abortifacient medications, except those covered under the "[Pregnancy, Termination](#)" and "[Physician Services](#)" sections.
- All prescription and over-the-counter contraceptive medications and devices for male plan members

CC. RECONSTRUCTIVE SURGERY AND SERVICES

Benefits are available for reconstructive surgery, which is surgery performed to improve or restore the impaired function of a body part or organ resulting from one of the following:

- Congenital defects
- Illness and disease
- Injury and trauma
- Surgery
- Therapeutic intervention

Not covered: Cosmetic surgery and any related complications, procedures, treatment, office visits, consultations, and other services for cosmetic purposes. This exclusion does not apply to breast reconstruction following a medically necessary mastectomy to the extent required by federal and state law (see "[Post-Mastectomy Services](#)") or medically necessary breast implant removal.

DD. SKILLED NURSING FACILITY (SNF)

Benefits are available for inpatient SNF services provided in a facility licensed to offer 24-hour skilled nursing services that meets *all* of the following criteria:

- A doctor or registered nurse practitioner is present on the premises of the facility (in the building or on the campus) or on-call at all times;
- Services are provided to patients who require 24-hour skilled care and who have the ability to achieve treatment goals in a reasonable period of time;
- Skilled nursing services must be provided by and under the supervision of qualified and licensed professionals, such as an LPN or RN, and provided at a level of complexity and sophistication requiring assessment, observation, monitoring, and/or teaching or training to achieve the medically desired outcome;
- The facility has 24/7 onsite RN coverage;
- The facility has enough professional staff to provide the treatment you need;
- The facility's designated medical director is a doctor or registered nurse practitioner who directs the services offered at the facility; **and**
- The services meet the BCBSAZ medical necessity criteria for inpatient level of care.

Benefits are limited to 180 days of SNF services per member, per plan year. This limit does not apply to claims for SNF services submitted with a primary mental health and/or substance use disorder diagnosis. Benefits include room and board in a semi-private room. A standard private room (not deluxe) is covered if 1) the facility only has private rooms, or 2) a private room is medically necessary.

- ➔ See the [“Note About Changes in Level of Care” statement on page 7](#) for important information about this benefit.

EE. TELEHEALTH SERVICES

Remote medical and behavioral health consultations between a provider and a patient are available through the telehealth services administrator (TSA), including:

- Counseling with a psychologist or other licensed therapist
- Medical consultations with a doctor, physician assistant, or nurse practitioner
- Psychiatry consultations with a psychiatrist

To use telehealth services: Log in to your [MyBlue](#) account and click the “BlueCare Anywhere” link, or download the app directly from the Google Play store or the Apple App Store. For more information about BlueCare Anywhere telehealth service, go to [BlueCareAnywhereAZ.com](#).

After you connect with a provider, if he or she determines that your condition is not appropriate for telehealth services, the provider will suggest that you see a doctor in person.

Not covered:

- Services that are not provided through the TSA, including emergency services and preventive services
- Services covered under the Telemedicine Services benefit described below

FF. TELEMEDICINE SERVICES

Benefits are available for telemedicine services delivered by an in-network provider through interactive audio-video electronic media. Benefits are also available for emergency or urgent telemedicine services from out-of-network providers.

Not covered:

- Non-emergency and non-urgent telemedicine services from an out-of-network provider
- Services delivered through the sole use of an audio-only telephone, a video-only system, a facsimile (fax) machine, instant messages, or electronic mail
- Services covered under the Telehealth Services benefit described above

GG. TRANSPLANT OR GENE THERAPY TRAVEL AND LODGING

For this benefit, the *caregiver* is the person primarily responsible for providing daily care, basic assistance, and support to a member who is eligible for transport, lodging, and reimbursement. Caregivers may perform a wide variety of tasks to assist the member in his or her daily life, such as preparing meals, assisting with doctors' appointments, giving medications, or assisting with personal care and emotional needs.

Transplant travel and lodging expenses are eligible for reimbursement during evaluation, transplant, and post-transplant care, and for complications directly related to the transplant. Reimbursement is available for transplant or gene therapy travel and lodging expenses when *all* of the following criteria are met:

- BCBSAZ has precertified the service or, if BCBSAZ did not precertify the service, the service met the requirements of this benefit plan;
- The distance from the member's or caregiver's residence is more than 60 miles from the service facility;
- The expenses are incurred by the member or the member's caregiver; **and**
- The expenses are for *any* of the following:
 - Meals;
 - Mileage for travel in a personal vehicle (at the rate set by the Internal Revenue Service for medical purposes in effect at the time of travel); car rental charges; or bus, train, or air fare; **or**
 - Room charges from hotels, motels, and hostels or apartment rental.

Benefit-specific maximum: \$10,000 per member, per transplant or gene therapy treatment. Covered expenses incurred by a caregiver count toward the member's maximum.

Not covered:

- Alcoholic beverages; in-room movies; items from in-room mini-bars or refrigerators; laundry, cleaning, or valet services; telephone or Internet service charges; spa services; gym facilities; or other hotel or motel amenities
- All travel and lodging expenses in excess of the benefit-specific maximum stated above
- All travel and lodging expenses incurred by a donor or the donor's caregiver
- Ambulance transportation (ground or air)
- Caregiver salary, stipend, and compensation for services
- Cleaning fees
- Expenses for travel or lodging incurred in connection with services that are not covered under this benefit plan
- Food preparation services
- Furniture or supplies for a rental apartment
- Home modifications
- Security deposits
- Travel and lodging expenses for members or caregivers when the member or caregiver does not travel more than 60 miles for authorized transplant- or gene transplant-related services
- Vehicle maintenance or services (such as tires, brakes, oil change)

Claims for reimbursement: To request reimbursement of eligible travel and lodging expenses, you must submit a transplant travel and lodging claim form along with dated receipts to BCBSAZ. The address for claims submission is listed in the ["Connect with us!" section](#) at the front of this book. To request a claim form, call the Customer Service number on your member ID card.

HH. TRANSPLANTS—ORGAN, TISSUE, AND BONE MARROW AND STEM CELL PROCEDURES

For this benefit, a *bone marrow transplant* is a medical or surgical procedure that has several stages, including:

- Administration of high-dose chemotherapy and high-dose radiotherapy as prescribed by the treating doctor;
- Harvesting of stem cells from the bone marrow or the blood of a third-party donor (allogeneic transplant) or the member (autologous transplant) and all component parts of the procedure;
- Hospitalization and management of reasonably anticipated complications;
- Infusion of the harvested stem cells; **and**
- Processing and storage of the stem cells after harvesting.

In-network benefits are available for covered transplant services from: 1) providers contracted with the plan network, 2) providers contracted with host Blue plans, and 3) Blue Distinction Centers for Transplants. The following types of transplants are eligible for coverage when they meet current evidence-based criteria:

- Allogeneic and autologous bone marrow or stem cell
- Autologous islet cell transplant (AICT)
- Cornea
- Heart, heart-lung, kidney, kidney-liver, kidney-pancreas, liver, lung (lobar and single- and double-lung), pancreas, small bowel, small bowel-multivisceral

Benefits are available for the following services in connection with, or in preparation for, a covered transplant:

- Air and ground transportation of a medical team to and from the site in the 48 contiguous United States to obtain tissue that is later transplanted into a member
- Bone marrow search and procurement of a suitable bone marrow donor when a member is the recipient of a covered allogeneic transplant and in accordance with customary transplant center protocol as identified by that specific transplant center
- Chemotherapy or radiation therapy associated with transplant procedures
- Harvest and reinfusion of stem cells or bone marrow
- Inpatient and outpatient facility and professional services
- Medical expenses incurred by a donor when the recipient is covered by BCBSAZ (covered donor expenses include complications and follow-up care related to the donation for up to six months post-transplant, as long as the recipient's coverage with or administered by BCBSAZ remains in effect)
- Pre-transplant testing and services

Not covered:

- Expenses related to a noncovered transplant
- Expenses related to donation of an organ to a recipient who is not covered by BCBSAZ
- Transplants that do not meet current evidence-based criteria

II. URGENT CARE

For this benefit, *urgent care* means treatment for conditions that require prompt medical attention, but which are not emergencies.

Benefits are available for urgent-care services. Providers contracted with the plan network as "urgent-care centers" are listed on your [MyBlue](#) account under "Urgent Care Centers." Please be aware that the plan network includes some providers, such as hospitals, that offer urgent-care services, but which are not specifically contracted with the plan network as urgent-care providers. No matter what the circumstances, if you obtain urgent-care services at a hospital or a hospital's on-site urgent-care department, you will be responsible for the applicable emergency room cost share.

3

WHAT'S NOT COVERED

In addition to the services listed as “not covered” in the previous section, no benefits will be paid for expenses associated with the following services. These exclusions do not apply to services that must be covered according to federal or state law:

Abortions, except as stated in this benefit plan

Activity therapy and milieu therapy—Any care intended to assist a person with the activities of daily living; including community immersion, integration, home independence, and work re-entry therapy; and any care for comfort and convenience, except for limited hospice benefits

Acupuncture

Alternative medicine—Non-traditional and alternative medical therapies; interventions; services and procedures not commonly accepted as part of allopathic or osteopathic curriculum and practices; naturopathic and homeopathic medicine; diet therapies; aromatherapy

Benefit-specific exclusions and limitations listed in this book as “not covered” following the description of each benefit

Biofeedback

Blood administration for the purpose of general improvement in physical condition

Body art, piercing, and tattooing—Services related to body piercing, cosmetic implants, body art, tattooing, and any related complications.

Care for health conditions that are required by state or local law to be treated in a public facility

Care required by federal or state law to be supplied by a public school system or school district

Certain types of facility charges—Inpatient and outpatient facility charges for treatment provided by the following facilities are not covered: group homes, wilderness programs, boarding schools, halfway houses, assisted living centers, shelters, or foster homes

Charges associated with the preparation, copying, or production of health records

Cognitive and vocational therapy—Services related to improving cognitive functioning (i.e., higher brain functions), reinforcing or re-establishing previously learned thought processes, compensatory training, sensory integrative activities, and services related to employability

Complications of noncovered services—Complications and consequences, whether immediate or delayed, arising from any condition or service not covered under this plan. Medical complications arising from an abortion are covered under this plan.

Computer speech training, therapy programs, and devices

Consumable medical supplies, including, but not limited to, bandages and other disposable medical supplies, skin preparations and test strips, except as stated in this benefit plan

Cosmetic services and any related complications—Surgery and any related complications, procedures, treatment, office visits, consultations, and other services for cosmetic purposes. This exclusion does not apply to breast reconstruction following a medically necessary mastectomy, medically necessary breast implant removal, surgery to correct a congenital defect, or to medically necessary surgery to improve or restore the impaired function of a body part or organ.

Cosmetics and health and beauty aids

Counseling—Counseling and behavioral modification services, except as stated in this benefit plan

Court-ordered services—Court-ordered testing, treatment, and therapy, unless such services are otherwise covered under this plan as determined by BCBSAZ

Custodial care

Dental—Except as stated in this benefit plan, dental and orthodontic services; placement or replacement of crowns, bridges, or implants; any fixed dental reconstruction of the teeth; orthodontics; extractions of teeth; dentures; vestibuloplasty and surgical orthodontics; and any procedures associated with these listed services, including, but not limited to, procedures associated with dental implants and fitting of dentures

Dietary and nutritional supplements—All dietary, caloric, and nutritional supplements, such as specialized formulas for infants, children, or adults or other special foods or diets, even if prescribed, except as stated in this benefit plan

Domiciliary care

Expenses for services that exceed benefit limitations

Experimental or investigational services, except as stated in this benefit plan

Fees that are a) associated with the collection or donation of blood or blood products; b) other than for medically necessary, in-person, direct member services, except as stated in this benefit plan; c) for concierge medicine services; or d) for direct primary care

Fertility and infertility services—Services to improve or achieve fertility (ability to conceive) or to diagnose and treat infertility (inability to conceive)

Flat feet—Services for treatment of flat feet, weak feet, and fallen arches. This exclusion does not apply to arch supports when medically necessary for diabetes, neurological involvement, or peripheral vascular disease of the foot or lower leg.

Foot care—Services for foot care, including trimming of nails or treatment of corns or calluses. This exclusion does not apply when medically necessary for diabetes, neurological involvement, or peripheral vascular disease of the foot or lower leg.

Free services—Services you receive at no charge or for which you have no legal obligation to pay

Genetic and chromosomal testing, screening, and therapy—Genetic and chromosomal testing, screening, and therapy for a person who is asymptomatic, unaffected, or not displaying signs or symptoms of a disorder for which the test, screening, or therapy is performed, except as stated in this benefit plan

Government services—Services provided at no charge to the member through a governmental program or facility

Growth hormone, except as specified in current evidence-based criteria. Growth hormone to treat idiopathic short stature (ISS) is specifically excluded.

Habilitation services, except for certain limited services to treat autism spectrum disorder

Hearing aids and associated services—Hearing aids, including external, semi-implantable middle ear and implantable bone conduction hearing aids, and any associated services. Hearing screenings are covered as part of a preventive physical exam, except as stated in this benefit plan.

Hypnotherapy

Inpatient or outpatient long-term care

Laboratory services provided without an order from an eligible provider

Lifestyle- and work-related education and training, and management services

Lodging and meals, except as stated in this benefit plan

Maintenance services—Services rendered after a member has met functional goals; services rendered when no objectively measurable improvement (as determined by BCBSAZ) is reasonably expected; services to prevent backtracking to a lower level of function; services to prevent future injury; and services to improve or maintain posture, except as stated in this benefit plan

Manipulation of the spine under anesthesia

Marijuana—Medical marijuana, marijuana, and any costs or fees associated with obtaining medical marijuana, such as obtaining an initial or renewal registry identification card, even when prescribed and obtained in compliance with state law(s)

Massage therapy, except in limited circumstances as described in current evidence-based criteria

Medical equipment, supplies, and medications sold on or through unregulated distribution channels as determined by BCBSAZ, including online sources such as eBay, Craigslist, or Amazon.com; or at garage sales, swap meets, and flea markets

Medications dispensed in certain settings—Prescription medications given to the member, for the member's future use, by any person or entity that is not a licensed pharmacy, home health agency, specialty pharmacy, or hospital emergency room

Medications that are:

- Not FDA approved
- Not required by the FDA to be obtained with a prescription, except as stated in this benefit plan
- Not used in accordance with current evidence-based criteria or Pharmacy Coverage Guidelines
- Off-label, unlabeled, and orphan medications, except as stated in this benefit plan
- Used to treat a condition not covered by BCBSAZ

Membership costs or fees associated with health clubs and weight loss programs

Neurofeedback

Non-medical ancillary services, including, but not limited to, vocational rehabilitation, behavioral training, sleep therapy, employment counseling, driving safety, and services, training, or educational therapy

Non-medically necessary services—Services that BCBSAZ determines are not medically necessary. BCBSAZ may not be able to determine medical necessity until after services are rendered. See "[Medical Necessity Definition, Guidelines, and Criteria](#)" in Appendix D for more information on how we determine medical necessity.

Over-the-counter (OTC) items—Medications, devices, equipment, and supplies that are lawfully obtainable without a prescription, except as stated in this benefit plan

Payments for services that are unlawful in the location where the member resides at the time the expenses are incurred

Personal comfort services—Services intended primarily for assistance with daily living, socialization, personal comfort and convenience; homemaker services; services primarily for rest, domiciliary or convalescent care; costs for television or telephone service; newborn infant photographs; meals other than those provided to a member by an inpatient facility while the member is a patient in the inpatient facility; birth announcements; and other services and items for other non-medical reasons

Phase 3 cardiac rehabilitation

Private-duty nursing

Refills or replacements for medications covered under this plan that are lost, stolen, spilled, spoiled, or damaged

Reports, evaluations, physical examinations, or hospitalization not required for health reasons, including, but not limited to, any required for employment, insurance, or government licenses; as well as court-ordered, forensic, or custodial evaluations

Reproductive services—Procedures, treatment, office visits, consultations, and other services related to the genetic selection and/or preparation of embryos and implantation services, including, but not limited to, pre-implantation genetic diagnosis and in vitro fertilization and related services

Respite care, except as covered under the [Hospice Services](#) benefit

Reversal of surgical procedures, except as allowed for under current evidence-based criteria and other criteria, as determined by BCBSAZ

Screening tests—Any testing done on a person who does not have a specific diagnosis or acute signs or symptoms of a condition or disease for which the test is being run, regardless of whether the person has a family history or other risk factors for the disease or condition, except as stated in this benefit plan

Sensory integration and music therapy

Service animals and related costs, including, but not limited to, food, training, and veterinary costs

Services for children of a dependent, unless the child is also eligible as a dependent

Services for conditions Medicare identifies as hospital-acquired conditions (HACs), and/or national quality forum (NQF) “Never Events”

Services for idiopathic environmental intolerance—Services associated with environmental intolerance from unknown causes (idiopathic), multiple chemical sensitivity, the diagnosis or treatment of environmental illness (clinical ecology), such as chemical sensitivity or toxicity from exposure to atmospheric or environmental contaminants, pesticides, or herbicides

Services for weight loss and gain, except as stated in this benefit plan

Services paid for by other organizations, or those required by law to be paid for by other organizations—Other organizations include, but are not limited to, the government, a school, and/or biotechnical, pharmaceutical, medical, or dental device industry organizations.

Services performed by ineligible providers

Services provided after the member’s coverage termination date, except as stated in this benefit plan

Services provided prior to member’s coverage effective date

Services related to or associated with noncovered services

Services without a prescription—Services and supplies that are required by this plan to have a prescription and which are not prescribed by a doctor or other provider licensed to prescribe

Sexual dysfunction services and medications for the treatment of sexual dysfunction, regardless of the cause

Spinal decompression or vertebral axial decompression therapy (VAX-D)

Strength training—Services primarily designed to improve or increase fitness, strength, or athletic performance, including strength training, cardiovascular endurance training, fitness programs, and strengthening programs, except as stated in this benefit plan

Telephonic and electronic consultations, except as stated in this benefit plan

Therapy services, except as stated in this benefit plan

Therapy to improve general physical condition, including, but not limited to, inpatient and outpatient routine long-term care

Training and education, except as stated in this benefit plan

Transportation—Transport services and travel expenses, except as stated in this benefit plan

Vision—Routine vision exams; vision therapy; eye exercises; all types of refractive keratoplasties, including, but not limited to, radial keratotomy and/or LASIK surgery; any other procedures, treatments, and devices for refractive correction; eyeglass frames and lenses, contact lenses, and other eyewear; and vision examinations for fitting of eyeglasses and contact lenses, except as stated in this benefit plan

Vitamins—All vitamins, minerals, and trace elements that are lawfully obtainable without a prescription, except as stated in this benefit plan

Wigs and hairpieces, except as stated in this benefit plan

Workers’ compensation—Services to treat illnesses and injuries that are:

- Covered by workers’ compensation; **and**
- Expressly identified as workers’ compensation claims when submitted to BCBSAZ.

This exclusion does not apply if the member has made a statutory opt-out election and/or is exempt from workers’ compensation coverage.

4

FINDING & WORKING WITH IN-NETWORK PROVIDERS

IN-NETWORK PROVIDERS

BCBSAZ works with a network of healthcare providers that are licensed in the United States, and that all have a plan-network contract with BCBSAZ, or with a vendor that has contracted with BCBSAZ to provide or administer services for BCBSAZ PPO members. These are your *in-network providers*. When you are traveling outside of Arizona, healthcare providers that are licensed in the United States and have a PPO contract with a Blue Cross and/or Blue Shield plan other than BCBSAZ are also considered to be in-network providers.

It is important to remember that all services from in-network providers are not necessarily covered. It is possible to receive a noncovered service from an in-network provider.

In addition to being listed as “covered” under your plan, to be covered, a service must be:

- Performed by an *eligible provider* acting within his or her *scope of practice*; **and**
- Performed at a facility that is licensed or certified for that specific type of service (when applicable).

Scope of practice is determined by the regulatory oversight agency for each health profession. It refers to the procedures, actions, and processes that a licensed or certified medical professional is legally allowed to perform based on their specific education and experience, and demonstrated competency. For example, neurosurgery would not be within the scope of practice for a dentist.

Provider contracts do not include recommendations for what they may charge for noncovered services. We recommend that you discuss costs with your provider before you obtain noncovered services.

Eligible Providers

BCBSAZ defines *eligible providers* as the properly licensed, certified, or registered providers listed here, when acting within the scope of their practice and license.

Professional Providers	Facility/Ancillary Providers
<ul style="list-style-type: none"> • Board Certified Applied Behavioral Analyst (BCABA) • Certified registered nurse first assist (CRNFA) • Certified nurse midwife • Certified registered nurse anesthetist (CRNA) • Doctor of chiropractic (DC) • Doctor of dental surgery (DDS) • Doctor of medical dentistry (DMD) • Doctor of medicine (MD) • Doctor of optometry (OD) • Doctor of osteopathy (DO) • Doctor of podiatry (DPM) • First assist (FA) • Licensed clinical social worker • Licensed independent substance abuse counselor • Licensed marriage and family therapist • Licensed nurse practitioner (NP) • Licensed professional counselor • Perfusionist • Physician assistant (PA) • Psychologist (PhD, EdD, and PsyD) • Registered dietician 	<ul style="list-style-type: none"> • Ambulance • Ambulatory surgical center (ASC) • Audiology center • Birthing center • Clinical laboratory • Diagnostic radiology • Dialysis center • Durable medical equipment (DME) • Extended active rehabilitation (EAR) • Home health agency (HHA) • Home infusion therapy • Hospice • Hospital, acute care • Hospital, long-term acute care (LTAC) • Hospital, psychiatric • Orthotics/prosthetics • Pain management clinic • Rehabilitation treatment center (inpatient substance use disorder treatment facility) • Retail, mail order, and specialty pharmacies • Skilled nursing facility

<ul style="list-style-type: none"> • Registered nurse first assist (RNFA) • Speech, occupational, or physical therapist • Surgical assist (SA) • Surgical technician (ST) 	<ul style="list-style-type: none"> • Sleep lab • Specialty laboratory • Urgent-care facility
---	---

Benefits may also be available from other healthcare professionals whose services are mandated by federal or Arizona State law, or who are accepted as eligible by BCBSAZ. **The fact that a service is performed by an eligible provider does not mean that the service will be covered.** Not all eligible providers are contracted to participate in the plan network.

Acupuncturists and doctors of naturopathy and homeopathy are examples of *ineligible providers*, as defined by BCBSAZ. Other provider types may also be ineligible (not eligible). If you have any questions about a specific type of provider, call Customer Service at the number that appears on your ID card.

Finding an In-Network Provider in Arizona

You can find a list of in-network providers online using the “Find a Doctor” tool in your [MyBlue](#) account. If you do not have Internet access and would like to ask for a paper copy of the directory, or have questions about a provider’s plan network participation, please call Customer Service before you make an appointment or receive services.

If you cannot find an in-network provider, or are unable to make an appointment with one, you can either:

- Call BCBSAZ Customer Service at the number on the back of your ID card, **or**
- Ask your regular doctor to send us a request for *precertification* for you to see an out-of-network provider. Keep in mind that we will not issue a precertification if we find an available in-network provider who can treat you. For more information on precertification, see [section 5](#).

Finding In-Network Providers When You Travel Outside of Arizona

You also have coverage outside the state of Arizona for covered services from BlueCard® network providers. In-network providers will file your claims with BCBSAZ or the applicable out-of-state Blue Cross and/or Blue Shield plan.

In most cases, the provider’s contract does not allow the provider to charge you more than the allowed amount for covered services. However, when there is another source of payment, such as liability insurance, all providers may be entitled to collect their *balance bill* from this other source (a third-party insurer), or from proceeds received from the other source, for covered services. BCBSAZ and/or the out-of-state Blue Cross and/or Blue Shield plan pays in-network providers for our portion of the allowed amount of a claim.

Except in emergencies, any covered service you receive from an in-network provider must be provided to you within the United States for the services to be considered in-network and subject to in-network member cost share. If you receive covered services *outside the United States* from an in-network provider, the services will be considered out-of-network and will be subject to out-of-network member cost share, including the full amount of the provider’s balance bill (except in emergencies).

Provider Treatment Decisions and Disclaimer of Liability

While treating you, in-network providers are acting as independent contractors and not as employees, agents, or representatives of BCBSAZ. Their contracts with BCBSAZ address reimbursement and administrative policies. Each provider exercises independent medical judgment in deciding what services to provide you, and how to provide them. BCBSAZ’s role is limited to administration of the benefits under this benefit plan. Your provider may recommend services or treatment not covered under this benefit plan. You and your provider should decide whether to proceed with a service that is not covered.

BCBSAZ has no control over any diagnosis, treatment, care, or other services rendered by any provider, and disclaims any and all liability for any loss or injury to you caused by any provider by reason of the provider’s negligence, failure to provide treatment, or otherwise.

Save Money by Staying In-Network

The following example shows how your out-of-pocket costs can change depending on whether or not your provider is in- or out-of-network. In this example, the member has already met their plan-year deductible, and has 20% coinsurance for in-network services and 40% coinsurance for out-of-network services.

Billed Charges	Allowed Amount	Costs With In-Network Providers		Costs With Out-of-Network Providers	
\$1,000	\$400	You pay:	20% of the allowed amount \$80 (20% x \$400)	You pay:	40% of the allowed amount, plus any amount not covered by BCBSAZ \$160 (40% x \$400) <u>+ \$600 balance bill</u> \$760
		BCBSAZ pays:	Remainder of allowed amount \$320 (\$400 - \$80)	BCBSAZ pays:	\$240 (\$400 - \$160)

Except for emergency services, if the provider submitting a laboratory, DME/medical supply, air ambulance, and/or specialty pharmacy claim does not have either 1) a plan network contract with BCBSAZ at the time the claim is submitted to BCBSAZ, or 2) a PPO contract with the out-of-state Blue Cross and/or Blue Shield plan to which the claim is submitted at the time the claim is submitted, the claim will be processed as an out-of-network claim. Members are responsible for out-of-network cost share and any applicable balance bill.

Tip! With your plan, you don't need to select a primary care provider (PCP). However, we recommend that you establish a relationship with a primary doctor. A doctor who knows your medical history is better able to help you spot potential health problems early, while they are small and easier to change.

OUT-OF-NETWORK PROVIDERS (CONTRACTED AND NONCONTRACTED)

Within this plan, BCBSAZ considers the following to be out-of-network providers:

- Providers who are contracted with a host Blue plan as *participating-only providers*;
- Providers who are contracted with BCBSAZ but do not have a plan network contract (such as BCBSAZ PPO-only providers);
- Eligible providers who have no contract with BCBSAZ or a host Blue plan (*noncontracted providers*);
- Providers who are contracted with the Blue Cross Blue Shield Global® Core program; **and**
- Providers who submit a laboratory, DME/medical supply, air ambulance, or specialty pharmacy claim to a host Blue plan and do not have a PPO contract with that plan.

Participating-only providers are contracted with a host Blue plan as "Participating," and are not contracted as PPO or preferred providers. Participating-only providers will submit your claims to the host Blue plan with which they are contracted. If you receive covered services from a participating-only provider, you will pay out-of-network deductible, coinsurance, and access fees. However, you will not have to pay a balance bill.

Noncontracted Providers

Eligible providers who have no provider participation agreement with BCBSAZ or any host Blue plan are *noncontracted providers*. If you receive covered services from an eligible noncontracted provider, you will pay out-of-network deductible, coinsurance, access fees, and the balance bill. Noncontracted providers may bill you up to their full billed charges. The difference between their billed charges and what this plan will pay can be very large. Before you receive services from a noncontracted provider, ask them about the amount of your financial responsibility.

Unless BCBSAZ agrees to pay the Provider directly, BCBSAZ will send payment to you for whatever benefits are covered under your plan and you will be responsible for paying the out-of-network provider. A noncontracted provider will not receive a copy of your EOB and will not know the amount this benefit plan paid you for the claim.

Providers Contracted With BCBSAZ Who Are Not in the Plan Network

Some BCBSAZ providers are contracted with BCBSAZ for certain networks, but are not contracted as plan network providers. For purposes of this benefit plan, they are considered noncontracted, and will be treated like any other noncontracted provider described in this Benefit Book. For example, BCBSAZ PPO-only providers are noncontracted providers. They may submit your claims to BCBSAZ, although they are not required to. If you receive covered services from a provider who is contracted with BCBSAZ, but not contracted as a plan network provider, you will pay your out-of-network deductible and coinsurance. BCBSAZ will send any claim payments to you, and you are responsible for paying the provider. Because these providers are considered noncontracted, they may balance-bill you like any other noncontracted provider.

Providers Contracted With the Blue Cross Blue Shield Global® Core Program

Providers who are contracted with Blue Cross Blue Shield Global Core are out-of-network providers. For covered services from these providers, you will pay your out-of-network deductible, coinsurance, and access fees (except for emergency services), plus the balance bill. See the [Out-of-Area Services section](#) below for more information about [Blue Cross Blue Shield Global Core](#).

Eligible Provider Status & Payment Summary				
Subject to all terms and conditions noted in this section				
Provider Contract Status	Provider Network Status and Applicable Cost Share	Provider Required to File Claim on Member's Behalf?	Provider Accepts BCBSAZ Allowed Amount and Does Not Balance Bill?	Who Receives Insurance Payment?
Providers contracted with BCBSAZ as plan network providers*	In-network*	Yes*	Yes*	The provider BCBSAZ pays the provider the allowed amount, minus your cost share.
Providers contracted with another Blue Cross or Blue Shield plan ("host Blue") as PPO providers*	In-network*	Yes*	Yes*	The provider The host Blue, on behalf of BCBSAZ, pays the provider the allowed amount, minus your cost share.*
Providers contracted with host Blue as participating-only providers*	Out-of-network	Yes	Yes	The provider The host Blue, on behalf of BCBSAZ, pays the provider the allowed amount, minus your cost share.
Providers contracted with Blue Cross Blue Shield Global Core	Out-of-network	Yes	No	The provider Blue Cross Blue Shield Global Core pays the provider the allowed amount, minus your cost share.
Noncontracted providers—in Arizona and out of state, including providers who are contracted with BCBSAZ but not for your plan network (must be eligible providers)*	Out-of-network	No (although the provider may choose to file the claim for you as a courtesy)	No You may be responsible for the provider's full billed charges. There may be a large difference between billed charges and what you can get back from BCBSAZ. Ask about billed charges before you receive services.	You Because you pay the provider in full, BCBSAZ pays you the allowed amount, minus your cost share. Provider does not get a copy of your EOB, or know how much you receive from BCBSAZ.

*Except as noted elsewhere in this Benefit Book

Continuing Care From an Out-of-Network Provider

You may be able to receive benefits at the network level for services provided by an out-of-network provider under the circumstances described below. *Continuity of care benefits* (explained in the chart below) are subject to all other applicable provisions (terms) of your benefit plan. To request continuity of care, call the Customer Service number on your ID card.

Continuity of care only applies to otherwise-covered services given by providers. Continuity of care is not available for facility services. If the hospital or other facility at which your doctor or other healthcare provider practices is not a network facility, you will not have coverage for facility services.

New Members	Current Members
<p>1. A new member may continue an active course of treatment with an out-of-network provider during the transitional period after the member's effective date if the member has:</p> <ul style="list-style-type: none"> • A life-threatening disease or condition, in which case the transitional period is not more than 30 days from the effective date of coverage; or • Entered the third trimester of pregnancy on the effective date of coverage, in which case the transitional period includes the covered provider services for the delivery and any care related to the delivery for up to 6 weeks from the delivery date; and 	<p>1. A current member may continue an active course of treatment with an out-of-network provider if the provider was in the network when treatment began, but BCBSAZ removed the provider from the network for reasons other than medical incompetence or unprofessional conduct, if the member has:</p> <ul style="list-style-type: none"> • A life-threatening disease or condition, in which case the transitional period is not more than 30 days from the effective date of the provider's termination; or • Entered the third trimester of pregnancy on the effective date of the provider's termination, in which case the transitional period includes the covered provider services for the delivery and any care related to the delivery for up to six weeks from the delivery date; and
<p>2. The member's provider agrees, in writing, to:</p> <ul style="list-style-type: none"> • Accept the BCBSAZ allowed amount applicable to covered services as if provided by an in-network provider, subject to the cost-share requirements of this benefit plan; • Provide BCBSAZ with any necessary medical information related to your care; and • Comply with BCBSAZ's policies and procedures as applicable, including those surrounding precertification, network referrals, claims processing, quality assurance, and utilization review. 	

OUT-OF-AREA SERVICES

Overview

BCBSAZ has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called *inter-plan arrangements*. Inter-plan arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Anytime you obtain healthcare services outside of BCBSAZ's geographic service area, the claims for these services may be processed through one of these inter-plan arrangements.

When you receive care outside of BCBSAZ's service area, you will receive it from one of two kinds of providers. Most providers (known as *participating providers*) contract with the local Blue Cross and/or Blue Shield plan in that geographic area (we call them a *host Blue plan*). Some providers do not contract with the host Blue plan (these are *nonparticipating providers*). We explain below how BCBSAZ pays each kind of provider.

Inter-Plan Arrangements Eligibility—Claim Types

All claim types may be processed through inter-plan arrangements as described above, except for all dental care benefits (except when paid as medical claims/benefits), and any prescription drug benefits or vision care benefits that may be provided by a third party that is contracted by BCBSAZ to provide the specific service or services.

BlueCard Program

Under the BlueCard program, when you receive covered services within the geographic area served by a host Blue plan, BCBSAZ will remain responsible for doing what we agreed to in the contract. However, the host Blue plan is responsible for contracting with and generally handling all interactions with its participating providers.

When you receive out-of-area covered services and the claim is processed through the BlueCard program, the amount you pay for the covered services is calculated based on the lower of:

- The billed charges for your out-of-area covered services; **or**
- The *negotiated price* that the host Blue plan makes available to us.

Often, this negotiated price will be a simple discount that reflects an actual price that the host Blue plan pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Special Cases—Value-Based Programs (including the BlueCard program)

If you receive covered services under a value-based program inside a host Blue plan's service area, you will not be responsible for paying the provider for any of the provider incentives, risk-sharing fees, and/or care-coordinator fees that are part of such an arrangement, *except* when a host Blue plan passes these fees on to BCBSAZ through average pricing or fee schedule adjustments. Provider incentives, risk-sharing, and care coordinator fees are incorporated into the premium and/or contribution percentage members pay for coverage.

Inter-Plan Programs—Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured and/or self-funded accounts. If applicable, we will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

Nonparticipating Providers Outside BCBSAZ's Service Area

- **What you pay:** When covered healthcare services are provided outside of BCBSAZ's service area by nonparticipating providers, the amount you pay for such services will normally be based on either the host Blue plan's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the nonparticipating provider bills and the payment BCBSAZ will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.
- **Exceptions:** In certain situations, BCBSAZ may use other payment methods, such as 1) billed charges for covered services, 2) the payment we would make if the healthcare services had been obtained within our service area, or 3) a special negotiated payment to determine the amount we will pay for services provided by nonparticipating providers). In these situations, you may be responsible for paying the difference between the amount that the nonparticipating provider bills and the payment BCBSAZ will make for the covered services as set forth in this paragraph.

Blue Cross Blue Shield Global Core Program

If you are outside the United States (what we call the *BlueCard service area*), you may be able to take advantage of the Blue Cross Blue Shield Global Core program when you receive covered services. The Blue Cross Blue Shield Global Core program is different from the BlueCard program in certain ways. For instance, although the Blue Cross Blue Shield Global Core program connects you with a network of inpatient, outpatient, and professional providers, the network is not served by a host Blue plan. So, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers at the time of service, and submit the claims to BCBSAZ yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Service Center at **1-800-810-BLUE (2583)**, or call collect at **804-673-1177**. The Service Center is available 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, will set up a doctor appointment or hospitalization, if necessary.

- **Inpatient services:** In most cases, if you contact the Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost share amounts. In such cases, the hospital will submit your claims to the Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. You must also contact BCBSAZ to obtain precertification for non-emergency inpatient services.
- **Outpatient services:** Doctors, urgent-care centers, and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services.
- **Submitting a Blue Cross Blue Shield Global Core claim:** When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the Service Center (the address is on the form) to initiate claims processing. The claim form is available from BCBSAZ Customer Service, from the Service Center, or online at bcbsglobalcore.com. If you need help with your claim submission, call the Service Center at **1-800-810-BLUE (2583)**. You can also call collect at **804-673-1177**, anytime, 24 hours a day, seven days a week.

Services Received on Cruise Ships

If you receive healthcare services while on a cruise ship, you will pay your network cost share, and the allowed amount will be based on billed charges. A cruise-ship claim is not considered an out-of-country claim. Claims should be submitted and processed through BCBSAZ, not through the Blue Cross Blue Shield Global Core program. Please call the BCBSAZ Customer Service department at the phone number listed in the front of this book for more information, or mail copies of your receipts to the BCBSAZ general correspondence address listed at the front of this book.

5

WHAT IS PRECERTIFICATION?

There are some procedures, treatments, and medications that we have to review ahead of time through a process called *precertification* (your doctor may also call it *prior authorization*, or *preapproval*). For anything that must be precertified, your doctor or other treating provider will gather the information we need and send it to us, along with a request for precertification. The most important thing for you to remember is that the precertification must be done before you receive the service or fill the medication.

WHEN TO GET A PRECERTIFICATION

Not all services or medications require precertification. Precertification is not needed for emergency services or urgent-care services. If it is required for a service you need, your doctor or treating provider must get the precertification on your behalf before rendering services. Sometimes, precertification is required for services only when they are provided in certain settings. If precertification is not obtained for medications that require precertification, the medications will not be covered. On the BCBSAZ website, you'll find a list of services that need to be precertified at [azblue.com/individualsandfamilies/resources/forms](https://www.bcbsaz.com/individualsandfamilies/resources/forms) and medications that need to be precertified at [azblue.com/Pharmacy](https://www.bcbsaz.com/Pharmacy).

Important: We update our precertification requirements from time to time, and will post the new information to MyBlue when we do. For this reason, it's a good idea to download the Precertification Requirements document from your [MyBlue](#) account each time before you have a new type of service or fill a new medication.

HOW TO GET A PRECERTIFICATION

Ask your *treating provider* (the provider you are seeing) to contact BCBSAZ for precertification before you receive services and medications that require precertification. Your provider is the one who must contact BCBSAZ because they have the information and medical records we need to make a benefit determination. BCBSAZ will rely on the information we get from your provider. If that information is not correct, or if something is missing, that may affect our decision on your request or claim.

BCBSAZ will make a decision about your precertification request within a reasonable time period, considering your medical circumstances, but not later than 10 business days from the day we get your request. If we need more time to make a decision, BCBSAZ may extend the precertification time by an additional 15 days. If this happens, we will tell you before the end of the original 10-day period, and give you an expected decision date. We will also let you know if there is any additional information we may need in order to make our decision. You or your provider will then have at least 45 days to send us this information.

FACTORS WE CONSIDER IN EVALUATING A PRECERTIFICATION REQUEST FOR SERVICES OR MEDICATIONS:

- If the service will be performed in the appropriate care setting
- If the treating provider or location of services is in-network
- Whether the service is medically necessary (based on your medical and treatment history) or investigational
- Whether you have reached your benefit maximum
- Whether your coverage is active or not (has lapsed)
- Your plan's limitations and exclusions

While we may not be able to determine some of these factors at the time of precertification, they will still apply if we discover them later during the claim review process. What this means is that **precertification is not a guarantee of coverage**. We could approve a service or medication, then later find a piece of information that would have resulted in us not approving the service or medication if we had known it during the precertification process. If this happens, it could result in denial of your claim.

IF YOU DON'T ASK FOR PRECERTIFICATION

If you have a service or fill a prescription that needs to be precertified, but we did not get a request for precertification, we will most likely not cover the service, and you will have to pay the billed charges in full.

In addition, if your out-of-network provider does not get a precertification from BCBSAZ for a service that requires it, you may be required to pay a *precertification charge*, or the claim may be denied (your SBC shows which benefits have these penalties for non-precertification). If you have to pay a precertification charge, it does not count toward your plan-year deductible or out-of-pocket maximum.

PRESCRIPTION MEDICATION EXCEPTION

If a covered medication requires precertification, but you must get the medication outside of BCBSAZ's precertification hours, you may have to pay the entire cost of the medication when you pick it up. In such cases, you can:

1. Have your treating provider request precertification on the next business day, then
2. File a reimbursement claim with BCBSAZ.

Your claim for the medication will not be denied for lack of precertification, but all other exclusions and limitations of your plan will apply.

PRECERTIFICATION OF IN-NETWORK COST SHARE FOR SERVICES FROM AN OUT-OF-NETWORK PROVIDER

If there is no in-network provider who offers the covered services you need, your treating provider may contact BCBSAZ and ask us to precertify the in-network cost share for services you will receive from an out-of-network provider. BCBSAZ will first look for an in-network alternative. If we determine that an in-network provider is available to treat you, BCBSAZ will not precertify in-network cost share for services from an out-of-network provider.

The process of precertifying in-network cost share for services from an out-of-network provider is separate from the process of precertifying services. If the service you need must be precertified, and the provider you are planning to see is out-of-network and you want to be eligible for the in-network cost share, your treating provider will need to make **two separate precertification requests**—one for the service itself, and one for use of the out-of-network provider. If BCBSAZ precertifies you for the in-network cost share, your services will be subject to the in-network cost share. You will still be responsible for any balance bill, plus your in-network cost share.

CONCURRENT CARE DECISIONS

BCBSAZ may require that your provider submit a plan of care. Based on that plan, BCBSAZ may precertify a certain number of visits and/or services over a certain period of time. You may request precertification for additional visits and/or services. If your request involves urgent care and is made at least 24 hours prior to the expiration of your plan of care, BCBSAZ will make a decision as soon as possible considering the urgency of your medical condition, but no later than 24 hours after we get the request. If your request isn't made at least 24 hours prior to the expiration of your plan of care, BCBSAZ will make a determination as soon as possible in accordance with medical exigencies, but no later than 72 hours after we receive the request. If precertification is denied, you may appeal the denial in the same way you appeal any other coverage denial.

WHEN BCBSAZ PRECERTIFIES YOUR SERVICE

You and your provider will receive a letter from BCBSAZ explaining exactly what has been approved under the precertification. Except as otherwise required by applicable law, **precertification is not a pre-approval or a guarantee of payment**. Precertification made in error by BCBSAZ is not a waiver of BCBSAZ's right to deny payment for noncovered services.

IF BCBSAZ DENIES YOUR PRECERTIFICATION REQUEST

If BCBSAZ does not approve your request for precertification, you can file an appeal. We will send you a notice explaining the reason for the denial and how you can appeal the decision. You'll find the information on where and how to file an appeal on [MyBlue](#) (under "Member Resources," click "Appeals and Grievances").

If your request for precertification of a service is denied because BCBSAZ decides that the service is not medically necessary, remember that this denial is a benefits determination made according to the provisions (terms) of this plan. Your provider may sometimes recommend services or treatment not covered under this plan. If BCBSAZ denies precertification, you and your provider should decide whether to proceed with the service or procedure based on what is best for you and your health.

URGENT REQUESTS FOR PRECERTIFICATION

When your provider submits an urgent precertification request, a determination will be made as soon as possible, but no later than 72 hours after receipt of the request. Federal law defines an *urgent medical situation* as one that falls under one of these scenarios:

1. Not responding to the request within 72 hours could seriously jeopardize the member's life, health, or ability to regain maximum function; **or**
2. In the opinion of a doctor with knowledge of the member's medical condition, not responding to the request within 72 hours would subject the member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Part 2—In-Depth Topics & Resources

FILING CLAIMS

In most cases, in-network providers will file claims for you. Noncontracted providers may file your claims for you, but have no obligation to do so. Make sure either you or your providers file all your claims so BCBSAZ can track your covered expenses and properly apply them toward applicable deductibles, coinsurance, out-of-pocket maximums, and benefit maximums.

If you choose to pay a provider on a direct-pay basis and submit a receipt and claim form to BCBSAZ, BCBSAZ will credit your deductibles and out-of-pocket maximums as required by applicable law and the provisions of this policy. The receipt you send with your claim form must include:

1. The amount paid;
2. The procedure and diagnosis codes for the services you received; **and**
3. A notation showing that you paid the provider directly.

Under your plan, if you choose to pay a contracted provider for a covered service on a direct-pay basis, the provider will not submit the claim to BCBSAZ for processing. You will need to submit the claim to BCBSAZ.

Claims for services provided by independent clinical laboratory, DME/medical supply, specialty pharmacy, and air ambulance providers are required to be filed as follows:

- **Independent clinical laboratory and specialty pharmacy:** Claims must be filed with the Blue Cross and/or Blue Shield plan in the state where the referring provider is located.
- **DME/medical supplies:** Claims must be filed with the Blue Cross and/or Blue Shield plan in the state where the member resides.
- **Air ambulance:** Claims must be filed with the Blue Cross and/or Blue Shield plan in the state of the member pickup location.

CLAIM FORMS

Claim forms are available from BCBSAZ under the Forms section of [MyBlue](#). You can also call the Customer Service number on your ID card to ask for a form to be mailed to you.

For additional information on filing claims, see [Appendix C](#).

YOUR RIGHTS

STATEMENT OF ERISA RIGHTS

(Does not apply to government plans, church plans, or other non-ERISA qualified plans)

As a member of a Group health insurance benefit plan, you are entitled to certain rights and protections under ERISA. For purposes of ERISA, your Group is the *plan administrator*. BCBSAZ is not the plan administrator. ERISA provides that all members are entitled to:

- Receive information about your plan and benefits
- Examine, without charge, at the plan administrator's office and other locations, such as worksites and union halls, all documents governing the plan that are available from the plan administrator, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration. Upon written request to the plan administrator, you may obtain copies of the plan documents, including insurance contracts and collective bargaining agreements, a copy of the latest annual report (Form 5500 Series), and an updated summary plan description. The plan administrator may charge you for the copies.

- Continue your Group health plan coverage under COBRA—*COBRA* refers to the set of federal and state laws that regulate continuation of healthcare coverage for you, your spouse, and/or dependents if you lose coverage under the plan as a result of a qualifying event. Unless you have an agreement with your employer to pay your COBRA premiums, you or your dependents will be responsible for full payment of the premium to continue coverage under your Group plan. Review your Benefit Book and talk to your benefits administrator about your COBRA continuation coverage rights.
- Prudent actions by plan fiduciaries—In addition to creating certain rights for Group members, ERISA also imposes certain duties on the *plan fiduciaries* (those responsible for administration of the health plan). The plan fiduciaries have a duty to operate the plan prudently and in your interest as well as the interest of other members.
- Enforce your rights—No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA. If your claim for a benefit is denied in whole or in part, you have a right to:
 - Know why it was denied;
 - Obtain copies of documents related to the decision (at no charge); **and**
 - Appeal any denial, all within the time periods required by ERISA.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$147 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits that is denied or ignored, in whole or in part, you may file suit in a federal or state court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

If you have questions . . .

If you have any questions about your plan, you should contact your plan administrator. If you have any questions about the above statement or about your rights under ERISA, or if you need assistance in getting documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor (listed in your telephone directory), or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C., 20210. You may also ask for certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Pension and Welfare Benefits Administration.

YOUR RIGHT TO INFORMATION; AVAILABILITY OF NOTICE OF PRIVACY PRACTICES

You have the right to inspect and copy your information and records maintained by BCBSAZ, with some limited exceptions required by law. If you choose to review your medical records in person, BCBSAZ will require a reasonable amount of time to research and retrieve the records before scheduling a time with you to review the records.

The BCBSAZ "Notice of Privacy Practices" describes how BCBSAZ may use and disclose your information to administer your health plan. It also describes some of your individual rights and BCBSAZ's responsibilities under federal privacy regulations. BCBSAZ mails a copy of this Notice of Privacy Practices to your address shortly after you enroll for coverage with BCBSAZ. Please keep this notice with your other health plan documents. You can also view the "Notice of Privacy Practices" by visiting the BCBSAZ website, azblue.com, and clicking on the Legal link at the bottom of the home page. If you would like BCBSAZ to mail you another copy of the "Notice of Privacy Practices," please call the Customer Service number on your ID card, or call **602-864-4400** or **1-800-232-2345** to make your request.

APPENDICES

APPENDIX A: TERMS TO KNOW

Access fee—A fixed fee you pay to a provider for certain covered services, usually at the time of service. If an access fee applies to a particular service, you must pay the access fee plus any other applicable cost share for the service. Access fees do not count toward meeting your deductible.

Allowed amount—The amount a provider receives as payment for a covered service. The allowed amount includes both the BCBSAZ payment and your *cost share* (see definition below). BCBSAZ calculates your coinsurance amount and how much applies toward your deductible based on the allowed amount, less any access fees. BCBSAZ counts the allowed amount in calculating the total you have paid toward your plan’s out-of-pocket maximum.

The allowed amount isn’t tied to the amounts providers in a given area usually charge for their services. If the allowed amount is based on a *fee schedule* (see definition below), a change to the fee schedule may result in a higher member cost share.

The following table explains how BCBSAZ determines the allowed amount for a service.

Type of Provider	Type of Claim	How We Determine the Allowed Amount
Providers contracted with BCBSAZ as plan network providers	Emergency and non-emergency	We compare the provider’s billed charges to the applicable fee schedule, and generally use the lower of the two amounts. Then, we adjust the amount as needed to meet the contractual arrangements we have made with the provider, as well as to comply with certain claim-editing procedures and pricing guidelines.
Providers contracted with a third party (vendor)	Emergency and non-emergency	We compare the provider’s billed charges to the vendor’s fee schedule, and generally use the lower of the two amounts. Then, we adjust the amount as needed to meet our contractual arrangements with the vendor.
Providers contracted with another Blue Cross or Blue Shield plan (“host Blue”)	Emergency and non-emergency	We compare the provider’s billed charges to the price the host Blue plan has negotiated with the provider. The allowed amount will be the lower of the two amounts.
Noncontracted providers in Arizona, including providers contracted with another BCBSAZ network, but not contracted as a plan network provider for this benefit plan	Non-emergency claims and emergency ground ambulance claims	We compare the provider’s billed charges to the applicable BCBSAZ fee schedule (with adjustments for certain claim-editing procedures and pricing guidelines). The allowed amount will be the lower of the two amounts. For emergency ground ambulance claims, the allowed amount is based upon the ambulance provider’s billed charges.
Noncontracted providers in Arizona and out of state	Emergency	The highest of the following three amounts, not to exceed billed charges: <ul style="list-style-type: none"> • The median in-network provider negotiated rate for the emergency services furnished, • The cost of the emergency services as calculated using the same method BCBSAZ generally uses to determine reimbursement for out-of-network services, or • The amount that would be paid by Medicare Part A or B.
Noncontracted providers outside Arizona	Non-emergency claims and emergency ground ambulance claims	We compare the provider’s billed charges to the amount the host Blue normally pays for a local nonparticipating provider. The allowed amount will be the lower of these two amounts. If the host Blue has not set an amount it normally pays for a nonparticipating provider, we may then base the allowed amount on the applicable fee schedule with adjustments for certain claims-editing procedures and pricing guidelines. For emergency ground ambulance claims, the allowed amount is based upon the ambulance provider’s billed charges.

Balance bill—The difference between a noncontracted provider’s billed charges and the allowed amount. In-network providers will accept the allowed amount for covered services. Noncontracted providers have no obligation to accept the allowed amount.

You are responsible for paying a noncontracted provider’s billed charges, even though BCBSAZ will reimburse you for approved claims based on the allowed amount. Depending on what billing arrangements you make with a noncontracted provider, they may charge you for full billed charges at the time of service, or send you a balance bill for the difference between billed charges and the amount that BCBSAZ reimburses you.

Any amounts paid for balance bills do not count toward deductible, coinsurance, or the out-of-pocket maximum.

Bariatric surgery—A surgical procedure to promote weight loss for the treatment of morbid obesity. Bariatric surgery also includes any revisions to a prior bariatric surgical procedure.

Base Benefit Book—This document (see also *Benefit Book* and *benefit plan*)

BCBSAZ—Blue Cross Blue Shield of Arizona, when we are the issuer of the insurance coverage, as well as when we are the administrator of a Group benefit plan. Within this book, BCBSAZ also may include contracted vendors, when a contracted vendor is performing functions on behalf of BCBSAZ.

Blue Cross Blue Shield of Arizona is an independent licensee of the Blue Cross Blue Shield Association. BCBSAZ is a not-for-profit corporation organized under the laws of the state of Arizona as a hospital, medical, dental, and optometric services corporation, and is authorized to operate a healthcare services organization as a line of business.

Benefit Book—Your Base Benefit Book plus your Plan Attachment and any rider(s)

Benefit maximum—A limit that applies to a specific benefit. The limit may be based on the number of days or visits, a type of service, timeframe (plan year), age, gender, or other factors. If you reach a benefit maximum, depending on the specific benefit, no further services may be covered, and you may have to pay the provider’s billed charges for those services. All benefit maximums are described in [section 2, “Your Health Plan Benefits,”](#) along with the benefit they apply to.

Benefit plan or plan—The documents describing the benefits and terms of coverage that the sponsor of a Group health plan provides to its Group members and their dependents. Your BCBSAZ benefit plan includes:

- This book and any Plan Attachment;
- The Summary of Benefits and Coverage (SBC);
- Your application for coverage;
- Your ID card;
- Any plan that is issued to replace this plan; **and**
- Any rider, amendment, or modification to this plan, including, but not limited to, any changes in deductible, coinsurance, or copay amounts.

Many Group health insurance plans (other than government plans, church plans, and certain other types of plans) must comply with the federal Employee Retirement Income Security Act of 1974 (ERISA). If your Group health insurance plan is subject to ERISA, your *plan sponsor* (the group or entity through which you receive your plan benefits) must keep a summary plan description and give a copy to you when you ask for one in writing. While your plan sponsor may include this Base Benefit Book as part of this summary plan description, the Base Benefit Book is not by itself a summary plan description.

Billed charges—

- For a provider that has a participation agreement governing the amount of reimbursement, the term *billed charges* refers to the amount the provider normally charges for a service.
- For a provider that does not have a participation agreement governing the amount of reimbursement, *billed charges* refers to the lowest amount that the provider is willing to accept as payment for a service.

Blue Distinction—A national designation awarded by Blue Cross Blue Shield (BCBS) plans to recognize providers that demonstrate expertise in delivering quality specialty care that is safe, effective, and cost-efficient.

Cancer treatment medication—Prescription drugs and biologicals that are used to kill, slow, or prevent the growth of cancerous cells.

Chiropractic Benefits Administrator (CBA)—The CBA is an independent company that develops and manages the BCBSAZ network of chiropractic providers, processes chiropractic claims, determines medical necessity, and handles utilization management, grievances, and appeals related to chiropractic services. The CBA for BCBSAZ is a company called American Specialty Health Networks, Inc.

Coinsurance—The percentage of the allowed amount that you pay when you receive a covered healthcare service (after meeting your deductible). BCBSAZ subtracts any applicable access fees and precertification charges from the allowed amount before calculating coinsurance. Coinsurance applies to every covered service unless the specific benefit section says it does not apply. In most cases, your coinsurance percentage is higher when you use an out-of-network provider.

While BCBSAZ normally uses the allowed amount to figure out your coinsurance amount, there is an exception: If a hospital provider's billed charges are less than the hospital's reimbursement, BCBSAZ will calculate your coinsurance based on the lesser billed charge.

Compounded medications—Medications that contain at least one FDA-approved component and that are custom-mixed by a pharmacist.

Contract holder—The person to whom a benefit plan is issued. Any other person approved for coverage under the plan along with the contract holder is a *dependent*.

Under Group coverage, the contract holder is the *member* (see definition below) who is eligible for coverage because of his or her affiliation with a group.

Coordination of benefits—See [“Coordination of Benefits”](#) in Appendix D.

Copay or Copayment—The amount you pay your healthcare provider when you receive certain covered services. The Plan Attachment we sent along with this Base Benefit Book tells you which services have a copay, and what the amount is.

Cosmetic—Surgeries, procedures, treatments, and other services performed primarily to enhance or improve appearance, including, but not limited to (and except as otherwise required by federal or state law), those surgeries, procedures, treatments, and other services performed in the absence of a functional impairment of a body part or organ as documented in the medical record, even if such services will improve emotional, psychological, or mental condition or function.

In other words, if you have a procedure or treatment or receive a service for the sole purpose of changing your appearance, and not because you have a health problem that requires it, it is considered to be cosmetic, and will not be covered.

Cost share—The total amount you owe for a covered service. Depending on your plan type, your cost share may include one or more of the following: deductible, copay, coinsurance, access fee, or precertification charge.

Covered service—A medically necessary healthcare service or item that is a benefit of your health plan. Covered services are listed in section 2 of this Base Benefit Book under [“What your plan covers.”](#)

Custodial care—Health services and other related services that:

- Are for comfort or convenience;
- Are provided to support or assist with activities of daily living, including, for example, personal hygiene, nutrition, or other self-care;
- Are provided when acute care is not required or does not require continued administration by licensed skilled medical personnel, such as an LPN, RN, or licensed therapist; **or**
- Do not seek to cure.

Deductible—The amount you pay toward covered healthcare services each plan year before BCBSAZ begins to pay its share. The deductible applies to every covered service unless otherwise specified. The deductible is

calculated based on the allowed amount. Amounts you pay for copays and access fees do not count toward the deductible. Your deductible amount is listed in the enclosed Plan Attachment, as well as in your SBC document.

Dependents—

1. The contract holder's spouse, under a legally valid, existing marriage; **and**
2. The contract holder's children or the children of the contract holder's spouse, including natural children, legally adopted children, stepchildren, children placed for adoption, children under legal guardianship substantiated by a court order, and children who are entitled to coverage under a medical support order.

Designated Prescription Network Program—A program that requires certain members who take certain medications to get prescriptions for those covered medications from one designated eligible provider, and to get all medications designated by BCBSAZ or the PBM from one network pharmacy or provider. BCBSAZ or the PBM determines which members are required to participate in this program.

Doctor or physician—For purposes of classifying benefits and member cost shares in your plan, we use the terms *doctor and physician* to mean a properly licensed MD, DO, DPM, or DC.

Domiciliary care—A supervised living arrangement in a home-like environment for people who are unable to live on their own because they need assistance with the activities of daily living, such as bathing, dressing, and food preparation.

Emergency medical condition—A medical or behavioral health condition that appears suddenly with severe symptoms (such as severe pain, unconsciousness, or other serious symptom). The condition is one that would make the average person with a basic understanding of health and illness think that failing to get immediate medical attention would result in *any* of the following:

- Permanent disability;
- Serious impairment to a bodily function or part; **or**
- Serious jeopardy to the patient's life, health, or ability to completely recover

Evidence-based criteria—Medical, pharmaceutical, dental, and administrative criteria that are based on industry-standard research and technology. These criteria help BCBSAZ determine whether a service, procedure, medical device, or drug meets the industry standard for medical necessity and/or is a covered benefit. Criteria may include prescription medication or service limitations.

BCBSAZ ensures that evidence-based criteria are reviewed regularly and updated in response to changes and advancements in the healthcare industry. Decisions are based on the evidence-based criteria in effect at the time of service. A BCBSAZ contracted vendor may establish evidence-based criteria for services they provide or administer as stated in the vendor's contract with BCBSAZ. You can get more information about the criteria by calling the Customer Service number on your ID card.

Fee schedule—Proprietary schedule of provider fees collected and put together by BCBSAZ. BCBSAZ develops its fee schedule based on annual reviews of information from numerous sources, including, but not limited to:

- Medicare fee schedules from the Centers for Medicare and Medicaid Services (CMS)
- BCBSAZ's past claims experience
- Other pricing information that may be available to BCBSAZ
- Information and comments from providers
- Negotiated contractual arrangements with providers

BCBSAZ may change its fee schedule at any time without prior notice to members. If the allowed amount for a service is based on a fee schedule, a change to the fee schedule may result in higher member cost share for that service.

Generic medications—Medications defined as generic by the national database system used by BCBSAZ to pay prescription claims.

Group—The association, employer, trust, or other entity that sponsors a Group benefit plan on behalf of its employees or participants. The group is sometimes also called the *plan sponsor*.

Group Master Contract (sometimes referred to as the agreement)—The legal agreement between the group and BCBSAZ.

In-network provider—A doctor, hospital, outpatient surgery center, pharmacy, lab, or other professional or place that belongs to the network that serves members of your health plan.

Maintenance medications—Medications taken on an extended and continual basis for treatment of a chronic or ongoing health condition, and which are not subject to frequent dosage or other changes, all as determined by BCBSAZ or the PBM. BCBSAZ and/or the PBM (“BCBSAZ/PBM”) may designate or use national databases to designate certain medications as maintenance medications.

Medication synchronization—If you are taking two or more medications for a chronic condition, and the medications are being dispensed by a single network pharmacy, the pharmacy may synchronize them for you. This means they can put the refills for these medications on the same schedule, so that you always have them filled at the same time. In order to begin medication synchronization, the pharmacy may need to have BCBSAZ approve what is called a *short refill*.

Member—An individual, employee, participant, or dependent covered under a benefit plan.

Out-of-network provider—A doctor, clinic, hospital, or other healthcare provider that is not a part of any BCBSAZ plan network. Services from an out-of-network provider are not covered, except in a few limited situations, such as in the case of a medical emergency.

Out-of-pocket maximum—The amount each member must pay each plan year before the plan begins paying 100% of the allowed amount (on most covered services) for the remainder of the plan year. You are still responsible for other types of cost-share payments, even after you have met your out-of-pocket maximum. You have separate out-of-pocket maximums for in-network and out-of-network providers. Accruals toward the out-of-pocket maximum are generally calculated on your plan year.

The following types of payments do not count toward the out-of-pocket maximum. Other than the deductible, which you have to meet before coinsurance applies, you must keep paying for the following even after you reach your out-of-pocket maximum:

- Amounts above the maximum allowed for a specific benefit (benefit-specific maximums are included in [Part 1, section 2](#))
- Any amounts for balance billing
- Any amounts for noncovered services
- Any charges for lack of precertification (see *precertification* below)

PBM—The independent Pharmacy Benefit Manager that contracts with BCBSAZ to administer the prescription medication benefits covered under this benefit plan.

Plan Attachment—A document sent with your Base Benefit Book that includes cost-sharing provisions (terms). See your SBC and ID card for the name of the plan network for this benefit plan.

Plan network—The network of providers contracted to provide services to members of this benefit plan. Plan network providers also are referred to as *in-network providers*. See your SBC and ID card for the name of your plan network.

Plan year—The calendar year, unless another time period is selected by your employer.

Precertification—A review done by BCBSAZ to approve a service, treatment plan, doctor visit, or medication before you make the appointment or fill the prescription. Some services and medications require this review to be done in order for the service or medication to be covered under your plan. If an out-of-network provider does not get a precertification from BCBSAZ for a service that requires it, you are subject to either a *precertification charge* or a complete loss of benefit, as shown on your SBC. If you have to pay a precertification charge, it does not count toward the plan-year deductible or out-of-pocket maximum.

Primary Care Provider (PCP)—A healthcare professional who is contracted with BCBSAZ as a PCP and generally specializes in or focuses on the following practice areas: internal medicine, family practice, general practice, pediatrics, or any other classification of provider approved as a PCP by BCBSAZ. Your benefit plan does not require you to have a PCP, or to see a PCP for a referral before seeing a specialist.

Provider—Any properly licensed, certified, or registered person or facility furnishing medical care to you, such as a doctor, hospital, laboratory, or other health professional. A provider can be related to a member.

Rehabilitation services—Services that help a person restore skills and functioning for daily living that have been lost due to injury or illness.

Respite care—The provision of short-term, temporary relief of the daily routine and stress to provide those who are caring for family members a personal break from their role as caregiver.

Service—A generic term referencing any type of healthcare treatment, test, procedure, supply, medication, technology, device, or equipment.

Short refill—A prescription refilled with less medication than usual.

Specialist—A doctor or other healthcare professional who practices in a specific area other than those practiced in by PCPs, family doctors, and other general practitioners; or a properly licensed, certified, or registered individual healthcare provider whose practice is limited to rendering behavioral health services. For purposes of cost share, this definition of the term *specialist* does not apply to dentists. This benefit plan does not require you to get a referral from a PCP before you see a specialist.

Specialty medications—Medications that treat chronic or complex conditions. BCBSAZ/PBM determine which medications are specialty medications.

Specialty pharmacy—A pharmacy contracted with BCBSAZ/PBM to fill member prescriptions for specialty medications.

Step therapy—A program that requires members to first try the generic version of a certain medication before BCBSAZ or the PBM will consider covering the brand-name version of that medication. BCBSAZ/PBM determines which medications are part of the step-therapy program. **Note:** Certain medications are not considered to be medically necessary (and therefore are not covered) unless you are participating in a step-therapy program.

Summary of Benefits and Coverage (SBC)—A federally required document with information on access fees, copays, coinsurance percentages, deductible amounts, other cost-sharing amounts, benefits, exclusions, limitations, and other important information. BCBSAZ generally sends SBCs to members along with member ID cards. Please keep your current SBC with your other plan documents.

Telehealth services—Medical and behavioral health services provided online via video using a computer, tablet, smartphone, or other mobile device through the telehealth services administrator. BlueCare Anywhere is BCBSAZ's telehealth service.

Telehealth Services Administrator (TSA)—Amwell, an independent company that is contracted with BCBSAZ to offer members the services of contracted healthcare providers over an interactive web platform or app. Amwell also provides technical support for the telehealth services covered under this plan (BlueCare Anywhere).

Telemedicine services—Services delivered through interactive audio-video electronic media. Telemedicine services are different from telehealth services.

Treating provider—A provider you are currently seeing for a particular health concern or condition.

APPENDIX B: PHARMACY BENEFIT

BCBSAZ works with a Pharmacy and Therapeutics (P&T) committee to review new medications and certain devices and supplies, as well as new information about medications, devices, and supplies that are already on the market. The P&T committee is made up of licensed pharmacists and doctors from within the community. In making decisions regarding medication coverage, the P&T committee takes into consideration safety, effectiveness, and information about how the medication is currently being used.

GETTING YOUR PRESCRIPTIONS

You may fill prescription medications at either a network retail pharmacy, the network mail-order pharmacy, or a network specialty pharmacy. If you currently get your covered medication through the network mail-order

pharmacy, you have the option to get that medication from a network retail pharmacy. If you currently get a specialty medication from a specialty pharmacy and need to get that medication from a retail pharmacy instead, contact BCBSAZ. We will need to determine if you are eligible to receive the specialty medication from a retail pharmacy. Compounded medications must be filled by network retail pharmacies that have been credentialed (approved) by BCBSAZ to fill prescriptions for compounded medications. For a list of these pharmacies, contact Customer Service at the number on your ID card.

If your pharmacy is not able to process a prescription, you or your doctor may ask for an exception by calling the Pharmacy Benefit Customer Service number on your ID card (available 24 hours a day, seven days a week, 365 days a year). There is no guarantee that BCBSAZ/PBM will authorize an exception. Reasons for requesting an exception include, but are not limited to: quantity, age, gender, dosage and/or frequency of refill limitations, and requests for waiver of cost share for brand-name medications or devices taken or used for a preventive purpose.

When you submit a prescription to a retail, mail order, or specialty pharmacy, it is possible that the pharmacy could tell you that you are not eligible for coverage, that your medication is not covered, or that you have to pay more for the medication than you think you should pay. If any of these things happen, you can either:

- Call the Pharmacy Benefit Customer Service number on your ID card for assistance, or
- Pay the pharmacy for the medication, and then submit a claim to BCBSAZ for reimbursement.

MEDICATION SYNCHRONIZATION PROGRAM

If you are taking two or more prescription medications for a chronic (ongoing) condition, you may request early or short refills of eligible covered medications by calling the Pharmacy Benefit Customer Service number on your ID card and asking to be enrolled in the BCBSAZ medication synchronization program. If you are enrolled in the BCBSAZ medication synchronization program, your cost share for eligible covered medications will be adjusted for any early or short refills of those medications.

SPECIALTY MEDICATIONS

If you get a specialty medication from a network pharmacy that is not contracted with BCBSAZ specifically for the Specialty Medications benefit, the medication will not be covered under this Pharmacy benefit, but may be covered under another benefit. In that case, it will be subject to the cost-sharing provisions and precertification requirements of that benefit.

To see the list of contracted specialty pharmacies in your area and the list of covered specialty medications, visit the Pharmacy section of [MyBlue](#). If you have questions about whether or not a certain specialty medication is covered, call Pharmacy Benefit Customer Service at the number on your ID card.

PRESCRIPTION COST SHARE

The cost share for a prescription is based on whether the medication is brand-name or generic at the time the prescription is filled. For questions about whether your prescription medication is brand-name or generic, please contact Pharmacy Benefit Customer Service at the number on your ID card.

Other than as explained in [“Preventive Services”](#) under section 2 and in your Plan Attachment, no exceptions will be made concerning the cost share you will pay for any medication, regardless of the medical reasons for which you need it. This means if you are taking a brand-name or compounded medication, you pay the applicable cost share for brand-name medications even when there is no equivalent generic medication, or if you are unable to take a generic medication for any reason.

You'll find specifics about any applicable copay or coinsurance amounts and deductibles in your Plan Attachment.

SUBMISSION OF CLAIMS AND COST ADJUSTMENTS

If you submit a claim for a medication to BCBSAZ, BCBSAZ will review your request to determine if you should be reimbursed for some or all of the money you paid to the pharmacy, and will send you an Explanation of Benefits (EOB). If BCBSAZ denies your claim, you will receive a document describing your appeal rights along with the EOB. Submitting a prescription to a pharmacy is not considered submitting a claim, and will not result in an EOB.

If you believe you have paid more for a self-administered version of a cancer treatment medication than for an injected or intravenously administered version of a cancer treatment medication, please call the Pharmacy Benefit Customer Service number on your ID card.

Members, providers, and pharmacies occasionally use coupons, patient assistance programs, and other discount programs to reduce out-of-pocket member costs for prescription medications. When you use a coupon, patient assistance program, or other discount program to get a prescription under your BCBSAZ Pharmacy benefit, the amount of the discount (the dollar value) will be applied to your deductible and out-of-pocket maximum if the medication is:

- A covered medication without a generic equivalent; **or**
- A covered medication with a generic equivalent that has been approved for BCBSAZ coverage through *any* of the following:
 - Precertification;
 - Step therapy; or
 - The BCBSAZ appeal process.

APPENDIX C: CLAIMS INFORMATION

CLAIM FORMS

Claim forms are available from BCBSAZ under the Forms section of [MyBlue](#). You can also call the Customer Service number on your ID card to have one mailed to you.

A complete claim includes, at a minimum, the following information:

- Billed charges
- Date of service
- Diagnosis code
- Group number
- Member ID number
- Member name
- Name of provider
- Patient name
- Patient's birth date
- Procedure code
- Provider ID number

TIME LIMIT FOR CLAIM FILING

A complete claim, as described above, must be filed **within one year from the date of service**. Any claim not filed with all required content within the one-year period is considered an untimely claim. BCBSAZ will deny untimely claims from contracted providers based on the terms of the provider's contract. BCBSAZ will deny untimely claims from members except in the following situations:

1. When Medicare or another carrier was the primary payer on a claim where BCBSAZ was secondary payer, and the delay was caused by the need to coordinate benefits with the primary payer
2. When the member can show good cause for delay. BCBSAZ determines good cause in its sole discretion.

Examples of good cause:

- BCBSAZ gave the member wrong information about the filing date
- The member had an extended illness that prevented them from filing the claim
- Other similar situations outside the member's reasonable control

Other Information Needed to Process a Claim

Even when you send in a claim with all information listed above, BCBSAZ may need to request medical or dental records or coordination of benefits information (explained in [Appendix D](#)) to make a coverage determination. If BCBSAZ has requested medical records or other information from a third party, BCBSAZ will stop processing the claim while the request is pending. BCBSAZ may deny a claim if the requested records are not provided by the requested deadline.

Explanation of Benefits (EOB) Form and Monthly Member Health Statement

After your claim is processed, BCBSAZ will send you an *Explanation of Benefits*, or *EOB*. Most EOBs are consolidated and sent to you in a monthly Member Health Statement rather than as single EOBs. You can see all of your BCBSAZ EOBs at [MyBlue](#).

An *EOB* shows services billed, whether the services are covered or not covered, the allowed amount, and the application of cost-sharing amounts. Carefully review your *EOB* to make sure it correctly lists any payments you have made or bills you have received. If you paid a larger cost share than you should have for a covered service, BCBSAZ may refund that amount to the provider, and the provider will be responsible for refunding you. Your *EOB* will also show any refunds for cost-share overpayments.

BCBSAZ will also send your in-network provider the information that appears on your *EOB*. Out-of-network providers do not receive an *EOB* or any written information from us about how much was paid on a claim or the reasons for how the claim was processed.

Note: Save your EOBs and receipts for any medical services you receive in case you need to refer back to one of these documents in the future. BCBSAZ or any contracted vendor may charge a fee to send you copies of claims records.

Notice of Determination

If your request for precertification is denied, your claim is denied, or part of your claim is denied, you will receive a notice of adverse benefit determination. In most cases, your *EOB* or monthly statement will include the notice, and will:

1. Describe additional material or information we need in order to process the claim, if any, and the reasons we need the material or information;
2. Explain the specific reason(s) for the denial (for example, it might say that a service is not covered because the provider is ineligible, or because the services are not covered under your plan);
3. Explain any business rule, guideline, or protocol that we relied on in making the adverse determination (or explain that this information is available free of charge upon request);
4. If the denial is based on medical necessity, experimental treatment, or similar limit, explain the scientific or clinical judgment for the determination (or explain that the information is available free of charge upon request);
5. Let you know the specific plan provision that we referenced in making the determination; **and**
6. Describe applicable grievance/appeal procedures.

TIME PERIOD FOR CLAIM DECISIONS

Within 30 days of receiving your claim for a service that was already rendered, BCBSAZ will send you either an *EOB* explaining how the claim was processed and what was paid (or not), or a notice that BCBSAZ has asked your provider for records that we need in order to make a decision on your claim. If BCBSAZ cannot make a decision on your claim within 30 days, BCBSAZ may extend the 30-day processing time by up to 15 days. If this happens, we will tell you before the end of the 30-day period, and give you an expected decision date. We will also let you know if there is any other information we need in order to process the claim. You or your provider will then have at least 45 days to send us this information.

APPENDIX D: PLAN ADMINISTRATION

DEFINITIONS RELATED TO THIS SECTION

Disabled Dependent Child—A child who has reached age 26 and who meets criteria for coverage under this plan as described in “Eligibility Requirements” below.

Employee—The person eligible for this benefit plan because of his/her employment relationship or affiliation to the group. An employee is also the contract holder or member under this plan.

Open Enrollment—An annual period during which the contract holder and their dependents are eligible to enroll for coverage or change benefit plan options. Your group’s plan administrator will notify you of the group’s Open Enrollment Period. Contract holders and/or any dependents can change benefit

plans only during an Open Enrollment Period, except as set forth in your Benefit Book or as allowed under applicable law.

BENEFIT-SPECIFIC ELIGIBILITY

Under the following limited circumstances, a non-member may be eligible for benefits under this plan:

- If a transplant recipient is covered under this plan and the donor is not a BCBSAZ member, the donor may be eligible for limited benefits (see benefit descriptions for [“Transplants—Organ, Tissue, and Bone Marrow and Stem Cell Procedures”](#) in part 1, section 2).
- If a non-member is pregnant with a baby that is to be adopted by a member of this plan, the non-member may be eligible for maternity benefits under the following circumstances:
 - The child is adopted by a member of this plan within one year of birth;
 - The member is legally obligated to pay the costs of birth; **and**
 - The member notified BCBSAZ that a court has certified the member as acceptable to adopt within 60 days of the court order or the effective date of this plan, whichever occurs later.

This benefit is considered secondary to any other coverage available to the birth mother.

CHANGES TO YOUR INFORMATION

It is important that you let us know as quickly as possible when something related to your personal or health information changes, such as a dependent becoming ineligible, a marriage or divorce, or a change of address. If BCBSAZ pays any claims based on old information, you may have to reimburse those payments if you or your dependents became ineligible and then incurred the claims before you gave us notice. You may also have to pay costs incurred by BCBSAZ for collection of claims payments made after you or your dependents became ineligible.

Let BCBSAZ Customer Service know right away about changes to *any* of the following:

- A disabled dependent age 26 or older who is no longer disabled;
- Eligibility of you or your dependents for Arizona Health Care Cost Containment System (AHCCCS) or other Medicaid coverage during the term of this contract;
- Eligibility of you or your dependents for Basic Health Plan (BHP) coverage during the term of this contract;
- Eligibility of you or your dependents for individual coverage through a federal or state exchange;
- Eligibility of you or your dependents for Medicare during the term of this contract;
- Eligibility of you or your dependents for the Children’s Health Insurance Program (CHIP) coverage during the term of this contract;
- Individuals being added to the benefit plan: spouse, newborns, adopted children, children placed for adoption, stepchildren;
- Individuals removed from the benefit plan due to divorce or death;
- Other medical coverage that you or your dependents add or lose, including changes in benefits; **or**
- Your mailing address or phone number.

CONVERSION COVERAGE

If your coverage under this benefit plan ends for any reason other than the group changing carriers or administrators, and you keep your permanent residence in Arizona, you may apply for an individual conversion contract (an individual health insurance policy) offered by BCBSAZ. BCBSAZ must receive your written application for a conversion contract within 31 days of the date your Group coverage ends. You may also apply for conversion coverage when your COBRA coverage expires, as long as your employer is still under the same Group benefit plan.

COORDINATION AND NON-DUPLICATION OF BENEFITS

Coordination of Benefits (COB)

If you have benefits under another Group health plan, and the other Group plan is the primary payer, then the combined benefit payments from all coverages cannot be more than the greater of the primary payer's or BCBSAZ's allowed amount. If your other Group health insurance does not include a COB provision, the other Group coverage pays first. If your other Group health insurance provides for COB, the following rules will be used to determine which coverage will pay first:

- If the person who received care is covered as an active employee under one plan and as a dependent under another, the employee coverage pays first.
- If the person who received care is a dependent child, then the plan of the parent whose birthday occurred earlier in the calendar year covers the child first.
- If both parents have the same birthday, the benefits of the plan that has covered a parent longer covers the dependent child first.
- If the dependent child's parents are legally separated or divorced, the following applies:
 - If there is no applicable court decree, the custodial parent's coverage pays first. If the custodial parent has remarried, the stepparent's coverage pays second. The non-custodial parent's coverage pays last.
 - If the parents have joint custody, then the plan of the parent whose birthday occurred earlier in the calendar year pays first.
 - If a court decree specifies the parent who is financially responsible for the child's healthcare expenses, the specified parent's coverage pays first.
- If the person who receives care is covered as an active employee under one benefit plan and as an inactive employee under another, the coverage through active employment pays first.
- If one of the plans determines the order of benefits based upon the gender of a parent and, as a result, the plans do not agree on the order of benefit determination, the plan with the gender rule shall determine the order of benefits.
- When none of the above applies, the coverage you have had for the longest continuous period of time pays first (see "Non-Duplication of Benefits" below).

If you have coverage under Medicare, Medicare guidelines will be used to determine the primary payer. If the provider accepts assignment from Medicare, the combined payments by Medicare and BCBSAZ will not exceed the Medicare allowed amount. If the provider does not accept assignment from Medicare, the combined payments by Medicare and BCBSAZ will not exceed the provider's billed charges. If the provider opts out of Medicare, BCBSAZ is the primary payer.

BCBSAZ does not coordinate benefits for services covered by the Pharmacy benefit. For the Pharmacy benefit, BCBSAZ will pay as the primary insurer, without regard to the member's other coverage.

Non-Duplication of Benefits

If services are covered under this benefit plan and under one or more other Group benefit plans that are issued or administered by BCBSAZ, the rules described above in "Coordination of Benefits" will be used to decide which coverage pays first. Payment of the claim will be subject to all applicable deductibles, coinsurance, and copays. The combined benefit payments cannot be more than the amount that BCBSAZ would have paid if you had no other coverage.

If services are covered under this Group benefit plan and one or more BCBSAZ Individual contracts, benefits will be paid first under the Individual contract. Payment of the claim will be subject to all applicable deductibles, coinsurance, and copays. The combined benefit payments will not be more than 100% of the amount BCBSAZ would have paid if you had no other coverage. BCBSAZ does not coordinate benefits with non-Group coverage from insurance plans other than BCBSAZ.

BCBSAZ does not coordinate benefits for services covered by the Pharmacy benefit. For the Pharmacy benefit, BCBSAZ will pay as the primary insurer, without regard to the member's other coverage.

EFFECTIVE DATE OF COVERAGE

- **Contract holder**—A contract holder's effective date of coverage will be either the date the contract holder becomes eligible to enroll or the first billing date after the contract holder becomes eligible to enroll as determined by the group, as long as the contract holder completes the application process within 31 days of becoming eligible.
- **Dependent**—Dependent coverage is available only if an eligible contract holder has enrolled for coverage. Eligible dependents will have the same effective date as the contract holder if they are included on the application at the time the contract holder first enrolls. If the contract holder and/or dependents do not enroll when first eligible, the contract holder and/or dependents may only apply for coverage at the group's annual Open Enrollment Period, except as stated under "[Special Enrollment Periods](#)" in this section of the Base Benefit Book, or if court-ordered.
- **Spouse**—The effective date of coverage for a new spouse is the date of marriage, if the contract holder completes an application within 31 days of that date. Otherwise, the spouse may not enroll until the next Open Enrollment Period, unless he or she qualifies under a Special Enrollment Period (see "[Special Enrollment Periods](#)" later in this section).
- **Newborn/adopted child or child placed for adoption**—A child is automatically eligible for coverage for the first 31 days after the date of birth, adoption, or placement for adoption, so long as the parent or guardian covered under this benefit plan remains eligible for coverage during that period and the newborn or child adopted or placed for adoption is otherwise an eligible dependent under this benefit plan. BCBSAZ will automatically add the child to the plan after the 31-day period and the contract holder will be responsible for any additional premium, unless the contract holder notifies BCBSAZ in writing to remove the newborn or adopted child from this benefit plan. Even if no additional premium is required (e.g., you already have family coverage), the contract holder must notify BCBSAZ in writing to remove the child from the benefit plan. Contact Customer Service at the number on your ID card to receive a BCBSAZ adoption packet.
- **Other children**—The effective date for a dependent child who is not a newborn child, adopted child, or a child placed for adoption (as described above) shall be the date the child becomes an eligible dependent, as long as the contract holder completes an application to add the child within 31 days of that date. If an application is not completed within 31 days, the child may not enroll until the next Open Enrollment Period, unless the child qualifies under a Special Enrollment Period (see "[Special Enrollment Periods](#)" later in this section).

ELIGIBILITY REQUIREMENTS

- **Children**—Children are eligible for dependent coverage until their 26th birthday.
- **Contract holder**—A contract holder becomes eligible to enroll for coverage after meeting the group's eligibility requirements outlined in the Group Master Contract.
- **Disabled dependent child**—A child who has reached age 26 may continue coverage as a dependent under this plan if the child is otherwise eligible for the plan and meets *all* of the following criteria:
 - Has been covered under this plan up to the day he or she is no longer eligible for coverage based on the age limit(s) specified in this plan;
 - Is totally disabled due to a continuous physical or behavioral impairment or condition, as defined by current evidence-based criteria, on the date the dependent reaches age 26; **and**
 - Is dependent on the contract holder for maintenance and support, as determined by BCBSAZ criteria.

Medical reports acceptable to BCBSAZ must substantiate the incapacity and must be submitted by the contract holder within 31 days of the date such dependent child reaches age 26. The child's eligibility to continue this coverage as a dependent under this plan is subject to periodic review by BCBSAZ.

BCBSAZ will determine whether your child meets disability criteria in its sole and absolute discretion and will send you a copy of the criteria used to make this decision upon request. A contract holder has an affirmative obligation to inform BCBSAZ if the child's disability ceases. Cessation of the child's disability or dependency will terminate the child's coverage as a dependent under this plan.

EXPERIMENTAL OR INVESTIGATIONAL SERVICES

BCBSAZ or BCBSAZ's contracted vendor, in its sole and absolute discretion, decides whether a service is experimental or investigational. If a service meets *all* of the following criteria, it is **not** considered experimental or investigational:

- It is possible for the service to result in improvement outside the investigational setting
- The scientific evidence permits conclusions concerning the effect of the service on health outcomes;
- The service is as beneficial as any established alternative;
- The service has final approval from the appropriate governmental regulatory bodies, if applicable; **and**
- The service improves the net health outcome.

BCBSAZ or its contracted vendor may classify a service as experimental or investigational if *any* one or more of the following applies:

- Published reports and articles in authoritative (peer-reviewed) medical and scientific literature show that the prevailing opinion among experts is that further studies or clinical trials are necessary to determine maximum tolerated dose, toxicity, safety, appropriate selection, or efficacy.
- The provider rendering the service keeps written notes showing that the service is experimental or investigational; **or**
- The service cannot be lawfully marketed or used without full (unrestricted) approval of appropriate governmental regulatory bodies, and approval for marketing or use has not been given at the time the service is submitted for precertification or rendered.

LEAVES OF ABSENCE

If a contract holder takes a leave of absence from work, the group may continue coverage for the contract holder and/or any dependents for up to 90 days, as long as the contract holder continues to pay the monthly premium. BCBSAZ will also continue coverage for members during any leave of absence the group is required to provide by applicable federal or state law, including the Family and Medical Leave Act of 1993 and any amendments or successor provisions. If the contract holder returns to active employment by the end of the leave of absence period, coverage under this benefit plan will continue for the contract holder and their covered dependents so long as the group maintains coverage with BCBSAZ. If the group ends its coverage while the contract holder is on leave, the contract holder will no longer be eligible for coverage, and coverage for the contract holder and their dependent(s) will end as described under "[Termination of Coverage](#)" later in this section.

LOSS OF ELIGIBILITY

Contract holder eligibility ends on the following days:

- The last day for which the contract holder was entitled to receive compensation from the group, regardless of the date such compensation is actually paid and for which BCBSAZ has received payment from the group
- The date on which an approved leave of absence expires, if the contract holder fails to return to active employment
- The date on which the contract holder's death occurs
- The date on which the group and/or contract holder fails to pay amounts due and any grace period available under Arizona law is exhausted

Dependent eligibility ends on the following days:

- For a dependent spouse and any children of that spouse who are not the natural or adopted children of the contract holder, the date on which the final divorce decree is effective
- The date on which a child covered by a medical support order is no longer eligible under the court order or administrative order
- The date on which a child turns age 26, if the child is not a disabled child
- The date on which disability or dependency ceases for a disabled child over age 26
- The end of the month in which the contract holder's death occurs

- The date on which the dependent's death occurs

Some groups have up to 31 days to notify BCBSAZ that a contract holder or dependent has become ineligible. Until BCBSAZ receives this notice and removes the ineligible member or dependent from the plan, BCBSAZ may quote benefits, give precertification, or pay claims that ultimately will need to be paid back by the member or their provider, if it is later determined the member was already ineligible when they received services. Benefit quotes or precertifications like this become invalid, regardless of whether or not the group has notified the member/contract holder that they are no longer eligible.

MEDICAL NECESSITY DEFINITION, GUIDELINES, AND CRITERIA

BCBSAZ, in its sole and absolute discretion, decides whether a service is medically necessary based on the following definition. A *medically necessary service* is a service that meets *all* of the following requirements:

- It is consistent with the diagnosis or treatment of a symptom, illness, disease, or injury;
- It is not primarily provided for the convenience of a member or a provider;
- It is the most appropriate site, supply, or service level that can safely be provided; **and**
- It meets BCBSAZ's or its contracted vendor's medical necessity guidelines and criteria in effect when the service is precertified or rendered. If no such guidelines or criteria are available, BCBSAZ or its contracted vendor will base its decision on the judgment and expertise of a medical professional or medical consultant retained by BCBSAZ or the vendor.

BCBSAZ uses evidence-based criteria to make medical necessity decisions. For additional information on evidence-based criteria, call the Customer Service number on your ID card.

BCBSAZ contracts with vendors to administer some or all of the benefits covered under this plan. These contracted vendors make medical necessity determinations based on their own medical necessity criteria.

Decisions about medical necessity may differ from your provider's opinion. A provider may prescribe, order, recommend, or approve a service that BCBSAZ decides is not medically necessary and, therefore, is not a covered benefit. You and your provider should decide whether to proceed with a service that is not covered.

Also, not all medically necessary services are covered benefits under this plan. All benefit plans have exclusions and limitations on what is covered. A service may be medically necessary and still not be covered.

MEDICAL SUPPORT ORDERS

Coverage is available to a child of the contract holder in accordance with any court order or administrative order issued by a court of competent jurisdiction that requires the contract holder to provide health benefits coverage for such child. The order must clearly specify the name of the contract holder, the name and birth date of each child covered by the order, and the time period to which the order applies.

Following receipt of the above information from the group, BCBSAZ will add the child to the contract holder's coverage, subject to BCBSAZ's guidelines for adding dependent children, as outlined above. If the contract holder does not have family coverage, the contract holder is required to enroll for family coverage and pay any additional required amounts due.

RESCISSION OF COVERAGE

In the event of fraud or intentional misrepresentation of material fact, coverage for any person ineligible to be on the benefit plan as described in the Group Master Contract will be rescinded; that is, the coverage will be treated as never having been in effect. Premiums paid for the coverage for the ineligible person will be refunded, minus any claims that BCBSAZ paid for that person. BCBSAZ is entitled to recover claim payments that exceed the amount of premium paid (if the ineligible person received more in claim benefits than the dollar value of their premium payments, BCBSAZ is entitled to keep all premium payments, and collect from the ineligible person the difference between the premium payments and the dollar value of all paid claims). Such rescission does not affect the coverage of those persons on the benefit plan who remain eligible for coverage.

BCBSAZ will give 30 days' written notice of its intent to rescind, during which time the person may protest the decision by writing to BCBSAZ at the address provided in the notice, and explaining why a rescission is not appropriate or allowable.

A member's eligibility to enroll in the Group's health plan is not based on the member's health status. An omission or misrepresentation of health information in your application for Group coverage is not a basis for rescission of your Group coverage.

SPECIAL ENROLLMENT PERIODS

If you experience one of the following events, you qualify for a Special Enrollment Period. This means you can enroll in a health plan outside of the normal Open Enrollment Period. To be covered under this benefit plan, you must send in your completed application within 31 days of the loss of your other coverage due to one of these circumstances:

- A dependent child is no longer considered a dependent child under the generally applicable requirement of the plan
- A person exhausts (uses up) a lifetime maximum on all benefits under the other policy or plan (qualifying event is denial of claim due to operation of a lifetime maximum)
- A person gains a dependent or becomes a dependent through marriage, birth, adoption, or placement for adoption
- A person has coverage through his or her spouse and a divorce or legal separation occurs
- A person has coverage through his or her spouse and the spouse dies
- A person loses minimum essential coverage, as that term is defined in applicable law
- A person no longer lives, resides, or works in the other plan's service area, and no other benefit plan is available to that person
- A proceeding in a case under title 11, commencing on or after July 1, 1986, with respect to the employer from whose employment the covered employee retired at any time
- Exhaustion of a person's COBRA coverage
- Termination of the covered employee's eligibility for coverage
- Termination of the employer's contribution toward coverage
- The covered employee becomes entitled to Medicare
- The covered employee is employed by an employer that offers multiple health benefit plans, and the covered employee elects a different plan during open enrollment
- The covered employee's employer terminates coverage
- The death of the covered employee
- The divorce or legal separation of the covered employee from the covered employee's spouse
- The termination (other than by reason of the employee's gross misconduct) or reduction of hours of the covered employee's employment

If you experience one of the following events, you also qualify for a Special Enrollment Period. The difference in these cases is that we must receive your completed application within 60 days of the loss of your other coverage:

- A person loses eligibility for Medicaid or the Children's Health Insurance Program (CHIP)
- A person is notified that they are eligible for a Medicaid or CHIP premium assistance subsidy
- Any other special enrollment rights available under applicable federal or state law

TERMINATION OF COVERAGE

Reasons for Termination

The contract holder and/or any dependents' coverage under this benefit plan may end coverage (terminate) for the following reasons, including, but not limited to:

- Coverage for the contract holder and/or dependents is rescinded (the contract holder and/or one or more dependents is no longer eligible for coverage)

- Nonpayment of amounts due by the group and/or contract holder, after expiration of any applicable grace period available under Arizona law
- The contract holder and/or any dependent(s) die
- The contract holder and/or dependent(s) ask to terminate coverage

Termination Date of Coverage

BCBSAZ will notify the group and/or the contract holder of the date that coverage will end (the termination dates of coverage) for the contract holder and/or any dependents. The contract holder and/or dependents' coverage ends no later than the date the Group Master Contract terminates. When the contract holder's coverage ends, coverage for all dependents also ends on the same day.

Benefits After Termination

Except as described below, you have no coverage on and after the date coverage ends, regardless of the reason for termination. This applies even if the expense was incurred because of an accident, injury, or illness that occurred or existed while this coverage was in effect (except as described below under "Disability Extension of Benefits").

Continuation of Coverage

Under applicable law, it is the group's responsibility to tell employees and dependents of the availability, terms, and conditions of continuation of coverage available under COBRA. COBRA requires most employers that sponsor a Group health plan to offer employees and their covered dependents the opportunity for a temporary extension of health coverage (called *continuation coverage*) at Group rates in certain instances where coverage under the plan would otherwise end. You must check with your plan administrator to determine if you qualify for continuation coverage.

Continuation of coverage is available when an employee is absent from employment by reason of service in the uniformed services, as defined by applicable federal law. You must check with your plan administrator to determine if you qualify for continuation coverage.

Disability Extension of Benefits

BCBSAZ determines total disability in its sole and absolute discretion, and will share with you, upon request, the evidence-based criteria we used to make this decision. Eligibility to continue coverage for a disabling condition is subject to periodic review by BCBSAZ.

- **Group Discontinuation:** If you are totally disabled on the date that the group ends its coverage through BCBSAZ, your medical expense benefits will continue for the disabling condition only, for a period not more than 12 months from the date of termination of coverage. To ensure an orderly extension of benefits and timely processing of your claims, it is important to provide BCBSAZ with written notice of your disabling condition no later than 31 days after the coverage end date. You do not give up your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until we have received your written notice.

When you provide notice, you will also be required to provide reports satisfactory to BCBSAZ that show the date the Group policy was terminated, the condition that resulted in you becoming totally disabled, and that you have been totally disabled from that condition from the time of such termination. You are eligible for this extension of benefits whether covered as an active employee, the dependent of an active employee, or a qualified COBRA beneficiary on the date the group ends its coverage through BCBSAZ.

- **Individual Termination:** If you are totally disabled on the date your coverage terminates under this plan, medical expense benefits will continue for the disabling condition only, for a period of not more than 12 months from the date of termination. You do not give up your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until we have received written notice.

When you provide notice, you will also be required to provide reports satisfactory to BCBSAZ that show the date of your termination, the condition that resulted in you becoming totally disabled, and that you have been totally disabled from that condition from the time of such termination.

If you are eligible for an extension of benefits because of an individual termination as described above, and you elect continuation coverage under COBRA, the extension of benefits will run at the

same time (concurrently) as your continuation coverage under COBRA, until the 12-month extension of benefits period runs out. Because these provisions run concurrently, please contact your employer before making any changes to or terminating your COBRA continuation coverage. If you cancel your COBRA coverage, you will also cancel your disability extension.

A disability extension of benefits ends when you are no longer totally disabled, or when you become eligible for or covered under any other Group benefit plan with similar benefits.

THIRD-PARTY BENEFICIARIES

The provisions of this benefit plan are only for the benefit of those covered under this plan. Except as explained in this book, no third party may seek to enforce or benefit from any terms of this benefit plan.

APPENDIX E: GENERAL PROVISIONS

ACCESS TO INFORMATION ABOUT DEPENDENT CHILDREN

BCBSAZ does not take part in domestic disputes. Parental disputes over dependent coverage and information must be resolved between the parents of the dependent child. Under Arizona law, both parents have equal rights to information about their children, unless a court order denies such access. Without a copy of such order and subject to the confidentiality provisions described above, BCBSAZ provides equal parental access to information.

APPEAL AND GRIEVANCE PROCESS

Members may participate in BCBSAZ's appeal and grievance processes, which are described in detail in the BCBSAZ Appeal and Grievance Guidelines. You can find these guidelines in your [MyBlue](#) account. You can also call Customer Service at the number on your ID card to ask for a hard copy. You do not have to pay any fees or charges to file or pursue an appeal or grievance with BCBSAZ. To appeal a denial of precertification for urgently needed services you have not yet received, please call Customer Service at the number on your ID card.

If you receive a bill from an out-of-network provider for services provided at an in-network facility and want to dispute the amount of the bill, you may be able to initiate a dispute resolution process as defined under Arizona law. This process is not available for all balance bills. Call Customer Service at the number on your ID card for information on any of the following:

- Initiating the dispute resolution process
- Appealing a denial of precertification for urgently needed services you have not yet received
- The types of balance bills that may be disputed.

BASIS OF OPERATIONAL GUIDELINES

BCBSAZ uses computer software to verify benefits, eligibility, claims accuracy, and compliance with BCBSAZ coding and pricing guidelines and current evidence-based criteria. BCBSAZ uses claims coding and editing logic to process claims and determine allowed amounts. BCBSAZ regularly updates its systems, claims and pricing guidelines and edits, and evidence-based criteria.

BILLING LIMITATIONS AND EXCEPTIONS

When there is another source of payment, such as a liability insurer, in-network providers may be entitled to collect any difference between the allowed amount and the provider's billed charges from the other source or from proceeds received from the other source, pursuant to A.R.S. (Arizona Revised Statute) § 33-931. A.R.S. § 33-931 may give providers medical lien rights apart from this benefit plan or any contract with BCBSAZ. BCBSAZ will not be involved with any collection dispute that may arise under the provisions of A.R.S. § 33-931.

The terms of this section do not constitute subrogation (reimbursement to the health plan from other payment sources). BCBSAZ does not subrogate. If you are represented by an attorney in a dispute concerning recovery for injuries or illness, please show this section of your book to your attorney.

BLUE CROSS BLUE SHIELD ASSOCIATION

As a member of BCBSAZ, you hereby acknowledge and agree to the following:

1. This benefit plan constitutes a contract between the Group and BCBSAZ, which is an independent corporation operating under a license from the Blue Cross Blue Shield Association (“Association”), an association of independent Blue Cross and Blue Shield Plans, permitting BCBSAZ to use the Blue Cross and/or Blue Shield service marks in the state of Arizona;
2. BCBSAZ is not contracting as the agent of the Association;
3. In accepting the benefits of this plan, you are not relying on any representations by the Association or any other Blue Cross or Blue Shield plan, other than BCBSAZ; **and**
4. You will not seek to hold the Association or any Blue Cross and/or Blue Shield plan other than BCBSAZ accountable or liable for BCBSAZ’s obligations herein.

BROKER COMMISSIONS

BCBSAZ sells products either directly or through independent licensed insurance brokers. Commission payments to brokers are one of the costs factored into premiums, but BCBSAZ’s premium calculation is not based on whether a product is sold directly or by a broker. BCBSAZ generally pays a commission to the broker of record or legal assignee designated by the broker until the insurance contract is terminated, the group terminates its relationship with the broker and notifies BCBSAZ, or the broker becomes ineligible for receipt of commissions. Brokers are required under their agreement with BCBSAZ to provide information on commission rates with BCBSAZ.

CONFIDENTIALITY AND RELEASE OF INFORMATION

We have processes and systems in place to safeguard sensitive or confidential information and to release such information only in accordance with federal and state law. If you wish to allow someone to have access to your information, you can download the Confidential Information Release Form (CIRF) from your [MyBlue](#) account, or call Customer Service and request a hard copy of the CIRF form.

COST OF RECORDS

In order to process your claims, BCBSAZ may need to ask your provider for copies of your health records. Noncontracted providers have no contractual obligation to provide records to BCBSAZ at no charge. If you receive services from a noncontracted provider who charges for record preparation or the cost of copies, you will need to arrange with this provider to send any needed records to BCBSAZ, and pay any fees they may charge for sending the records.

COURT ORDERS FOR HEALTH INSURANCE COVERAGE OF DEPENDENT CHILDREN

When a member is not the custodial parent of a child, but is required by a court or administrative order to provide health benefits to that child, BCBSAZ will:

1. Provide benefit information to the custodial parent; **and**
2. Permit the custodial parent to submit claims for the child and make payments directly to the custodial parent, to the provider, or to a state agency, as applicable.

DISCRETIONARY AUTHORITY

BCBSAZ has discretionary authority to determine extent of coverage under the terms of this benefit plan.

IDENTITY PROTECTION SERVICES

Identity protection services are available to members of this plan. For more information, contact Customer Service at the number on your ID card.

LAWSUITS AGAINST BCBSAZ

BCBSAZ has an appeal process for resolving certain types of disputes with members. BCBSAZ encourages you to use the appeal process before filing a lawsuit, as we can often resolve issues when you give us more information through the appeal process.

Under Arizona’s Health Care Insurer Liability Act, before suing BCBSAZ, a member must first either:

1. Complete all available levels of the BCBSAZ appeal process; **or**
2. Give BCBSAZ written notice of intent to sue at least 30 days before filing the lawsuit.

The written notice must clearly explain the basis for the lawsuit, and must be sent by certified mail to:

Attn: Legal Department
Mail Stop: C300
Blue Cross Blue Shield of Arizona, Inc.
8220 N. 23rd Avenue
Phoenix, AZ 85021-4872

Failure to follow these steps may result in dismissal of the lawsuit. A member must complete all applicable levels of appeal before bringing a lawsuit other than a suit filed pursuant to the Health Care Insurer Liability Act. Failure to complete the mandatory levels of the appeal process may result in dismissal of the lawsuit for failure to exhaust BCBSAZ's administrative remedies (that is, for not using all of our available solutions). By providing this notice, BCBSAZ does not waive but expressly reserves all applicable defenses available under Arizona and federal law.

LEGAL ACTION AND APPLICABLE LAW

This contract is governed by, and construed and enforced in accordance with, applicable federal law and the laws of the state of Arizona, without regard to conflict of laws principles. Your Benefit Book and the contract between BCBSAZ and the sponsor of your Group health plan were issued in Arizona to a group headquartered in Arizona.

Jurisdiction and Venue: Jurisdiction and venue for any legal action or other proceeding that arises out of or relates to the contract or this benefit plan shall be in any court of competent jurisdiction in the state of Arizona.

Lawsuits by BCBSAZ: Sometimes, BCBSAZ has an opportunity to join class action lawsuits, where third-party payers (insurance companies) assert that an entity's conduct resulted in higher payments by the insurance company than otherwise would have been required. BCBSAZ reviews these cases and, based on the unique facts of the case, makes a good-faith decision as to whether or not to join the case. BCBSAZ may also bring lawsuits against vendors or other entities to recover various economic damages. When BCBSAZ participates as a plaintiff and recovers damages, those funds are not returned to individual members, but are instead retained by BCBSAZ to reduce overall administrative costs. This paragraph is not intended to limit or waive any claims BCBSAZ may have against any person or entity.

MEDICAID REIMBURSEMENT

Member acknowledges that state Medicaid agencies, including the Arizona Health Care Cost Containment System ("AHCCCS"), (collectively referred to as "Medicaid Agencies") are considered payers of last resort for healthcare expenses of individuals who are Medicaid beneficiaries. Member further acknowledges that AHCCCS does, and other state Medicaid Agencies may, have a legal right to reimbursement of expenditures that the Medicaid Agencies have made on behalf of a member who was also a Medicaid Beneficiary, not to exceed the lesser of the member's benefits under this plan or the Medicaid Agencies' payment. Member acknowledges and agrees that BCBSAZ shall reimburse Medicaid Agencies or their designees for the health claims of a member who also was a Medicaid Beneficiary on the date of service, to the extent required by law.

MEMBER NOTICES AND COMMUNICATIONS

BCBSAZ sends notices and other communications to members by U.S. mail to the last address on file with BCBSAZ Customer Service. BCBSAZ also may elect to send some notices and communications electronically if the member has consented to electronic receipt. Notice is deemed complete when sent to the member's last address of record, as follows: (1) on delivery, if hand-delivered; (2) if mailed, on the earlier of the day actually received by the member or five days after deposit in the U.S. mail, postage prepaid; **or** (3) if transmitted electronically, on the earlier of the day of actual receipt or 24 hours after electronic transmission to the member's email address of record.

NON-ASSIGNABILITY OF BENEFITS

The benefits contained in this plan, and any right to reimbursement or payment arising out of such benefits, are not assignable or transferable, in whole or in part, in any manner or to any extent, to any person or entity. You shall not sell, assign, pledge, transfer, or grant any interest in or to, these benefits or any right

of reimbursement or payment arising out of these benefits, to any person or entity. Any such purported sale, assignment, pledge, transfer, or grant is not enforceable against BCBSAZ and imposes no duty or obligation on BCBSAZ. BCBSAZ will not honor any such purported sale, assignment, pledge, transfer, or grant.

PAYMENTS MADE IN ERROR

If BCBSAZ erroneously makes a payment or overpayment to you or on your behalf, BCBSAZ may obtain reimbursement from you or the provider, or BCBSAZ may offset the amount owed against a future claim arising from any covered service. Payments made in error by BCBSAZ do not constitute a waiver concerning the claim(s) at issue or of any right of BCBSAZ to deny payment for noncovered services.

PLAN AMENDMENTS/CHANGES

There is no guarantee that the benefits listed here will not change. Benefits may be added, deleted, or changed upon notice to the group and/or contract holder and/or participant or as required according to federal or state laws. BCBSAZ will give you 60 days' advance written notice of significant changes to this plan, including retroactive changes that are permitted under federal or state laws. Please review and retain this book, replacement books, plan attachments, SBCs, riders, amendments, and other communications concerning your coverage.

PRESCRIPTION MEDICATION REBATES

BCBSAZ receives rebate payments based on the volume and/or market share of pharmaceutical products used by BCBSAZ members. BCBSAZ participates in contracts with pharmaceutical manufacturers, pursuant to which BCBSAZ receives these rebate payments. These rebate contracts are subject to renegotiation and/or termination from time to time.

The rebates BCBSAZ receives on your prescription drug utilization are not reimbursable to you, including prescription costs applied to any copay, deductible, coinsurance calculation, or out-of-pocket maximum that may apply under your plan. You acknowledge and agree that BCBSAZ will keep all rebates. Pharmacy rebates may cause the overall cost of a drug to fall below the amount you pay for that drug under the coverage described in this benefit plan. Other discount programs offered by a pharmacy may result in members of the public paying a lower cost for some medications than you pay under this benefit plan.

PROVIDER CONTRACTUAL ARRANGEMENTS

The BCBSAZ allowed amount reflects any contractual arrangements negotiated with a provider. Contractual arrangements vary based on many factors such as type and location of provider and other relevant information. For that reason, BCBSAZ in-network providers have varying compensation levels based on the provider's agreement to accept a certain reimbursement rate. This means that your in-network cost share for a particular service can vary based on the in-network provider you choose because not all providers have the same negotiated reimbursement rate for the same service.

To get an idea of your estimated cost share for a particular service, please call Customer Service at the number on your ID card. To get an estimated cost share, you will need to know the name of the provider, as well as the diagnosis and procedure codes related to the service. The estimated cost share is only an estimate, and the actual cost share may be different from the estimated cost share based on factors such as the services actually performed, and the type and location of the facility where you receive the services.

RELEASE OF RECORDS

Subject to Arizona or federal law, the member agrees that BCBSAZ may obtain, from any provider, insurance company, or third party, all records or information relating to the member's health, condition, treatment, prior health insurance claims, or health benefit program. If you haven't released all of the records we need in order to process a claim, we may deny the claim.

RETROACTIVE CHANGES

BCBSAZ reserves the right to make certain retroactive amendments to this benefit plan, as may be permitted under applicable federal and state law. You will receive notice of any such amendments.
